

Come and join us for a **FREE** eye-opening presentation on the **Therapeutic Crisis Intervention (TCI) system.**

The Therapeutic Crisis Intervention (TCI) program developed at Cornell University provides a model for dealing with potentially violent children and youth. The program provides caretakers with the skills, knowledge, and confidence to manage a child in crisis in order to bring about a "maximum amount of lasting response." By applying the principles of the TCI training, you attain therapeutic control and maintain the dignity of both adult and child during the most difficult crisis experience.

DATE: SATURDAY, MARCH 28, 2015

TIME: 10 AM – 3 PM

Lunch will be served!

What Is the Therapeutic Crisis Intervention?

The purpose of the TCI system is to provide a crisis prevention and intervention model for residential child care organizations that will assist in:

- Preventing crises from occurring
- De-escalating potential crises
- Effectively managing acute crises
- Reducing potential and actual injury to children and caretakers
- Learning constructive ways to handle stressful situations

If you would like to attend this fun and informative training: please R.S.V.P. by Monday, March 23, 2015.

We regret that childcare is not available and children are not permitted to attend the meetings.

To register, or for more information, contact one of our Family Advocates.
