*Guide prepared by: Enhanced Coordinated Children's Services Initiative
Dedicated in memory of Kathy Decker, CCSI Family Advocate*

WELCOME TO THE DUTCHESS COUNTY RESOURCE GUIDE

Dutchess County remains committed to providing comprehensive effective and meaningful services and support for children, young adults, caregivers, and families to address their needs. These services are designed and provided to build upon individual strengths and to create sustainable partnerships among family members and providers to influence positive change and outcomes. This array of services is referred to as our System of Care and youth, caregivers, child-serving organizations, and educators work collaboratively to promote and achieve social, emotional, and academic success.

Core Values and Principles:

- Empathizes safety and well-being of everyone – Services support and engage individuals with ongoing assessment and interventions to ensure safety for all.
- Family and youth driven with voice and choice – Services are provided with mutual respect and meaningful partnership between families and professionals at all levels. Ongoing partnership remains central with youth, families, caregivers, and providers in the planning and delivery of services, · Early identification, intervention and community based – Services are delivered in the least restrictive environment, drawing on formal and informal resources to achieve successful outcomes.
- Individualized & Strength-based: Services acknowledge each child and family's unique set of strengths and challenges and build care plans that optimize those strengths while meeting the challenges.
- Culturally and Linguistically Responsive: Services are provided by individuals who have the skills to recognize and respect the behavior, ideas, attitudes, values, beliefs, customs, language, rituals, ceremonies and practices characterized by a particular group of people
- Interagency Collaborations – County and provider agency transparency in sharing of information to increase knowledge and understanding of programs, services, eligibility, availability, and any changes/revisions that impact the delivery of such services.
- Continuous Quality Improvement - The System of Care participates in systematic review of goals, objectives, services, and delivery of services to improve overall outcomes.

[Commission on Human Rights](#)

230 North Road

Poughkeepsie, NY 12601

To Report a Hate or Bias Incident: If you have experienced a hate or bias incident, you can confidentially report it to the Dutchess County Commission on Human Rights by: emailing us at dchumanrights@dutchessny.gov or calling 845-486-2836. If this is an emergency, contact 911. If you think that the incident may be a hate crime you may also contact local law enforcement, Dutchess County Sheriff's Office 845-486-3800 and/or the NYS Hate Crimes Hotline 1-888-392-3644.

DUTCHESS COUNTY DEPARTMENT OF HEALTH PUBLIC HEALTH NURSING

Nursing Services Dutchess County provides a variety of nursing services through the Department of Behavioral & Community Health including Licensed Home Care Services for mothers and their children.

Licensed Home Care Services Agency ([.pdf brochure](#)) Information about eligibility, services, fees, maternal, infant, and child home visits, and lead poisoning prevention.

Maternal and Child Home Visiting Program Public Health Nurses are available to provide comprehensive home-based services, to families, that start during pregnancy or after a child is born. Home visits provide education, support, and case management services to assist parents with the healthy development of their child, including breastfeeding. Call (845) 486-3419.

Childhood Lead Poisoning Prevention Program Public Health Nurses provide individual case management and follow-up to children with elevated blood lead levels. Environmental investigations are also available. Call (845) 486-3419. Additional information is available on our [Lead Poisoning Prevention page](#).

Perinatal Hepatitis B Program Public Health Nurses provide individual case management and follow-up to infants born to mothers who are Hepatitis B positive. Call (845) 486-3419.

Children with Special Healthcare Needs (Brochure .pdf) It is a referral service for families with health and related concerns. It includes the Children with Special Health Care Needs program and the Physically Handicapped Children's Program.

The Children with Special Health Care Needs Program refers children ages birth to 21 who are diagnosed or at risk for a developmental delay or disability that:

- Affects a child physically, behaviorally, or intellectually.
- Is ongoing or chronic.
- Requires health or health-related interventions beyond what a typical developing child would need.

Call for more information: 845-486-3419

Children/Youth with Special Health Care Needs (CYSHCN) also see page 61

CYSHCN is a statewide public health program that provides information and referral services for health and related resources to families of CYSHCN.

CYSHCNHSS (Children & Youth Special Health Care Needs Support Services) also offers financial assistance for medically and financially eligible children between the ages of 0-21. The youth/family must have inadequate private insurance, or no health insurance. (*"Funded by the New York State Department of Health using federal Health Resources and Services Administration Title V funding. The opinions, results, findings and/or interpretations of content contained therein are the responsibility of the Contractor and do not necessarily represent the opinions, interpretations, or policy of the State or Federal funding agency."*)

Contact the Dutchess County DBCH Public Health Nursing office for more information at 845-486-3419.

Children with Special Needs

[Early Intervention Program](#)

Families with infants and toddlers who have special needs may be eligible to receive services to enhance the child's growth and development. **Call 845-486-3518 for referrals.**

[Preschool Special Education Program](#)

Services are provided for children with special needs, ages 3-5, in conjunction with the family's school district. Call your local school district's [Committee for Preschool Education](#) for referrals.

For more information about the program, call 845-486-2759

Dutchess County Healthy Families (DCHF):

Eligibility: Pregnant or parenting families, adopting families

Healthy Families New York (HFNY) is a free and voluntary home visiting program designed to provide support to families that are pregnant, or at birth, through age five. DCHF program supports families until the child is 5 years old or entering school. DCHF program has highly trained supportive staff to make visits to your home, provide information, and support your family around:

- Information about pregnancy, breastfeeding, newborn care, and parental bonding
- Information on your baby's health and development
- Healthy coping strategies for stressful parenting situations
- Your health and development through pregnancy and the postpartum period
- Understanding child development milestones and behaviors
- Breastfeeding and caring for your baby
- Encouragement with positive parenting techniques
- Connecting parents to community resources

 EFax: (845) 633-5783

Perinatal and Infant Community Health Collaboratives (PICHC):

Perinatal and Infant Community Health Collaborative (PICHC) of Dutchess and Ulster Counties seeks to support women and their families in achieving optimal health outcomes through connecting families to supportive services within their community. No matter what stage of your life you are at—pregnant, postpartum, or have a child under 2 years old – we have services for you! Our free and confidential services aim to keep you healthy and give you the care you need.

The PICHC program provides short-term case management aimed to connect you to community supportive services. If you are a woman between the ages of 15-45, who lives in Dutchess and Ulster Counties, we can help!

****We offer bilingual services as well – También ofrecemos servicios bilingües**** Our staff can connect you and your family to services that can help with:

- Health insurance enrollment and recertification
- Access to health care and finding medical providers
- Assistance with applying for public assistance and financial programs
- Family planning assistance and providing information about Reproductive Health
- Connection to emergency and supportive services (housing, food, clothing, employment, education, health, safety and more)
- Pregnancy and parenting support
- Breastfeeding support

- Linkages to mental health/counseling, substance use treatment, and domestic violence services
Eligibility: Pregnant or parenting families with child under 2

Short-term case management program aimed to connect women to community supportive services.

Contact: Danielle Sinclair, PICHC Program Coordinator, at 845-519-4249, DSinclair@institute.org.

MidHudson Chocolate Milk

Chloe Vital

845-419-3817

<https://midhudsonchocolatemilk.org/>

Lactation is a language of love' is our evidence informed programming that prepares expectant parents for their upcoming journey. The workshop reviews the basics, nuances, cultural expectations, and common issues associated with milk expression. Prenatal parents are encouraged to explore sessions during the 2nd trimester to address concerns and discuss solutions.

A hive is a place of sustenance and security, the honeycomb is sweet structure composed of several pockets that maintain the hive. Honeycomb Help is a telehealth space for individuals during the perinatal journey that provides informed emotional support. The program encourages them to find comfort in the emotional depth their journey provides and guide them to make healthy decisions.

Our Childbirth Education focuses on preventing unnecessary interventions that may lead to birthing trauma. Helping expectant parents develop a better understanding of the stages of labor and pain relief methods empowers them and promotes acts of autonomy and advocacy. Our Childbirth Education is facilitated by birth and postpartum doula Victoria Macon, click [here](#) to learn more.

[Dutchess County Early Intervention Program](#)

*85 Civic Center Plaza
Poughkeepsie, NY 12601
(845) 486-3518*

The Dutchess County Early Intervention Program supports parents in achieving their goals to nurture and enhance their child's development.

Does Your Child Need Early Intervention (EI)?

Skills, like taking a first step, smiling for the first time and waving “bye-bye” are called milestones. To find out if your child’s development is on track or if you should refer your child to the Early Intervention Program, review the developmental milestones for your child’s age.

If an evaluation is needed, we will identify your child’s strengths and needs, and address concerns about your child’s development. Evaluations are done at no cost to you.

Who Can Be Referred to the Dutchess County Early Intervention Program (EIP)?

Infants and toddlers from birth through 2-years and 6-months of age who:

- Live in Dutchess County and are suspected of having a developmental delay or disability.
- Have a diagnosed physical or mental condition that is likely to result in a developmental delay.

Children must be found eligible to receive services.

It is highly recommended that children who are 2-years and 6-months of age, or older be referred to the Committee for Preschool Special Education (CPSE), under the Department of Education for preschool special education.

Please contact the CPSE office for the school district in which you reside. If you are not sure what school district you live in, our Address Info-Finder can provide you with school district information and more.

Who Can Refer to the EIP?

Infants and toddlers up to 2-years and 6-months old can be referred by anyone with parental consent (family, doctors, social service workers, childcare workers, community agencies) by calling **845-486-3518**.

For more information about EI services elsewhere in New York State, call the Growing Up Healthy 24-hour hotline at **800-522-5006**.

What Happens When a Child is Referred to the EIP?

When a child is referred to the EIP, an Initial Service Coordinator is assigned to the case and assists the family through the process.

If the evaluation shows your child is eligible:

- An Individualized Family Service Plan (IFSP) meeting will be held to develop goals and a plan that meets your child's developmental needs.
- Service providers (teachers and therapists) will work with your child and family during daily routines.
- The Ongoing Service Coordinator will work with your family to ensure the plan is working.

[Early Intervention Parent Guide - English](#)

[Early Intervention Parent Guide - Spanish](#)

Will My Child be "Labeled" or "Classified"?

Participation in Early Intervention does not "label" a child.

If your child continues to need services after Early Intervention, the NYS Education Department requires that the classification of "preschooler with a disability" be given to all children entering the Preschool Special Education Program. This classification satisfies regulatory requirements and allows payment for services.

Your child's record may only be transferred to the kindergarten program in the school district in which your child is enrolled, with your consent.

What Services are Available?

The Early Intervention Program offers many types of services that are aimed at meeting your child's developmental needs, and to help parents meet these needs.

The following services are included in the Individualized Family Service Plan:

- Assistive technology services and devices
- Audiology
- Family training, counseling, home visits and parent support groups
- Health services needed for your child to benefit from other early intervention services
- Medical services only for diagnostic or evaluation purposes
- Nursing services
- Nutrition services
- Occupational therapy
- Physical therapy
- Psychological services
- Social work services
- Special instruction
- Speech-language pathology
- Vision services

How Are Early Intervention Services Provided?

Only qualified professionals licensed, certified, or registered in their discipline, and approved by New York State may deliver early intervention services. All early intervention services can be given using any of the following service models:

Home and community-based visits

Services are given to a child and/or parent or other family member or caregiver at home or in the community (such as a relative's home, child care center, family day care home, play group, library story hour or other places parents go with their children).

Facility or center-based visits

Services are given to a child and/or parent or other family member or caregiver where the service provider works (such as an office, hospital, clinic or early intervention center).

Parent-child groups Parents and children get services together in a group led by a service provider.

A parent-child group can happen anywhere in the community.

Family support groups: Parents, grandparents, siblings or other relatives of the child get together in a group led by a service provider for help and support and to share concerns and information.

Group developmental intervention: Children receive services in a group setting led by a service provider or providers without parents or caregivers. A group means two or more children who are eligible for early intervention services. The group can include children without disabilities and can happen anywhere in the community.

Do I Need to Worry About Costs?

No. If your child is eligible for the Early Intervention Program, services must be provided at no cost to you.

Families are required to provide information about health insurance, including private insurance and Medicaid, as it is used to pay for early intervention services.

New York State law protects family insurance policies from being affected by payments for early intervention services. Your insurance policy can only be used if your insurance company is licensed or regulated by New York State.

How is Eligibility Decided?

All referred children have the right to a free evaluation to find out if they are eligible for services. The evaluation will also help you to better understand your child's strengths and needs and how early intervention can help.

Even if your child has a diagnosed condition, they will still need a multidisciplinary evaluation to help plan for services.

If your child has a delay in development – and no diagnosed condition – the evaluation is needed to find out if your child is eligible for the Early Intervention Program.

Your child's development will be measured according to the "definition of developmental delay" set by New York State.

What if a Child is Not Eligible for the EIP?

Dutchess County Child Find Program can offer continued monitoring to address concerns regarding your child's development.

Not all children with delays are eligible for Early Intervention. There are community resources and agencies that may be able to provide you with appropriate support and assistance.

What Are My Rights and Responsibilities As a Parent?

The Dutchess County Early Intervention Program (EIP) recognizes that your family is an essential part of the Early Intervention team. The program will do its best to meet the needs of your family and your child.

- Your family has rights guaranteed by the Individuals with Disabilities Education Act (IDEA), as follows:
- You have the right to say yes or no to having your child screened or evaluated.
- You have the right to choose the evaluator and ongoing service coordinator.
- You have the right to say yes or no to any EI service without risking your right to other services.
- You have the right to look at and request a change to your child's written record.
- You have the right to keep information about your family private.
- You have the right to take part in, and ask other people of your choice to attend, all meetings where decisions will be made about changes in your child's evaluation or services.
- You have the right to an explanation of how your insurance may be used to pay for early intervention services.
- You have the right to due process (appeal) procedures - mediation, impartial hearing or systems complaint to resolve concerns.

If you have concerns or do not agree with a decision:

Discuss your concern with your Ongoing Service Coordinator who will explain your options and rights in further detail.

You can call your Early Intervention Official Designee (EIOD) for additional assistance in the resolution process.

If you believe your Early Intervention Official Designee, service provider, or service coordinator is not doing their job under the law - (Individuals with Disabilities Education Act (IDEA)) you can contact the Coordinator of Services for Children with Special Needs at (845) 486-2759.

You have the right to:

Due Process - If you still have a concern or disagreement, you can appeal the decision by requesting:

Mediation

Your Service Coordinator can help request mediation as a way for you to discuss your concerns and reach agreement with a mediator and the Early Intervention Program.

Impartial Hearing

This is a more formal method carried out by hearing officers who are administrative law judges (ALJs) assigned by the New York State Department of Health. The ALJs make the final decision about the complaint.

Systems Complaints

This requests the NYS Department of Health to investigate how the Early Intervention Program is working. If you believe your Early Intervention Official, service provider or service coordinator is not doing his/her job under the law - Individuals with Disabilities Education Act - you can contact the Coordinator of Services for Children with Special Needs at (845) 486-2759.

Dutchess County Early Intervention- Child Find Program

The program is a designed to identify, track and screen children from birth to age three who may be “at risk” for developmental delays or disabilities. A Child Find Specialist will provide developmental monitoring through periodic parent contact and assessment of Ages & Stages parent questionnaires. Families will be offered information and suggestions on strategies they can use to address their child’s developmental milestones and assistance in locating community resources.

ASTOR HEAD START

Head Start is a federally funded preschool program serving low-income children and children with disabilities. Head Start is free to children who qualify. There are two program options:

- Home-based program option
 - Prenatal to 5 years old
 - Weekly 90-minute home visits
- Center-based program option
 - 18 months to 5 years old
 - Monday – Friday
 - 5 – 6.5 hours a day

Goals:

- Help development social and emotional competence of young children
- Implement strategies that promote school readiness
- Provide comprehensive family engagement services

- Promote health, mental health support, and development screenings
- Collaborate with community resources to support the families and program

Astor Early Childhood Programs

Astor operates all the Head Start Programs in Dutchess County. Head Start is a federally funded program for children from low-income families. It is a preschool developmental program of early childhood education and ancillary services including health (physical, dental, mental), nutrition, and social services, with extensive parental involvement and participation. Children with disabilities are served within a fully integrated setting with non-disabled children.

Head Start Program (Available at all Astor Dutchess County early childhood locations)

The goal of Astor’s Head Start Program is to provide a comprehensive child development program for children, ages 3 to 5, from low-income families in Dutchess county.

Early Head Start Program (Available at all Astor Dutchess County early childhood locations)

The goal of Astor’s Early Head Start Program is to provide comprehensive child development services to young children, ages 0 to 3, and their families.

Preschool Special Education Programs

Special Class Integrated Services are offered at the Mt. Alvernia, Poughkeepsie, Beacon and Wingdale locations. The goal of this program is to provide a stimulating preschool program to children with disabilities by integrating disabled and non-disabled children in an inclusive classroom setting.

Special Class serves the Mid-Hudson Region at our Beacon and Poughkeepsie locations.

The goal of this program is to provide special education and therapeutic services in a self-contained classroom for children whose disability causes behavior management needs.

Therapeutic Preschool serves the Mid-Hudson Region at our Poughkeepsie location.

The goal of this program is to provide educational and therapeutic services for children with emotional disturbances and/or behavioral problems who require a structured day program. We want to enable the child to return to a less restrictive pre-school setting.

Special Services:

Special Class Integrated Setting (SCIS) – Provides Special Education services within a 5-hour, 5-day a week, Head Start integrated classroom.

Available at: Mt. Alvernia, Beacon, Wingdale, and Poughkeepsie

1:8:2 – This is a 5-hour, 5 day a week program in a self-contained classroom.

Available at Beacon and Poughkeepsie locations

12:1:2 – This is a 5 hour, 5 day a week program in a self-contained classroom.

Available at Beacon location

Therapeutic Preschool – Designed for children with significant needs in social and emotional skills. Integration of education and clinical models. 5-hours, 5 day a week program.

Available at Poughkeepsie location

Bright Steps Toddler Room – Provides Early Intervention services within a 6.5 hour, 5 day a week Early Head Start integrated classroom.

Available at Mt. Alvernia locations

To Participate:

Eligibility is generally based on family income at or below the poverty level according to the Poverty Guidelines (guidelines are updated yearly) published by the federal government. Children in foster care, children experiencing homelessness, and children from families receiving public assistance (TANF or SSI only) are eligible regardless of income.

Documentation needed:

- Proof of income – paystubs, Income Tax Return (form – 1040 or W2), employer letter, unemployment, social security, etc.
- Birth Certificate
- Medical Insurance Card
- Copy of child's current physical & immunizations record

- Child Care Employment Questionnaire (.pdf)
- Verification of Household (.pdf)
- Child Care Subsidy Fact Sheet (.pdf)
- Acknowledgement of Income (.pdf)

CHILD CARE ASSISTANCE

Department of Community and Family Services

60 Market Street Poughkeepsie, NY 12601

<https://ocfs.ny.gov/programs/childcare/ccap/#qualify>

Childcare Subsidy The New York State Office of Children and Family Services' Childcare Assistance Program (CCAP) provides eligible families across New York State with financial assistance for childcare. CCAP promotes early childhood learning and development while allowing parents/caretakers to work, get training or go to school. The CCAP is administered by local departments of social services (LDSSs) in 57 counties and NYC.

Level of Eligibility per Family Size

(based on federal poverty level valid as of 10/1/2023)

Family Size	1	2	3	4	5	6
Annual	\$51,610	\$67,490	\$83,370	\$99,250	\$115,130	\$131,010

For families with more than 7 people, information on income limits can be found on the website.

To apply for a Childcare Subsidy, you must file an application packet. The packet can be downloaded, picked up any DCFS location (60 Market St, Poughkeepsie 12601, Eastern Dutchess Government Center, 131 County House Rd, Millbrook NY 12545, or Beacon Center, 223 Main St, Beacon, NY 12508) or call **845.486.3190** for a packet to mailed to you.

List of necessary documents for determining eligibility (pdf)

Application Packet:

- Application for Child Care Assistance (.pdf)
- Absent Parent's Ability to Provide Child Care (.pdf)
- Child Care Enrollment Form (.pdf)
- Shelter Verification
- Low Income Day Care Policy Statement for Parents and Caretakers (.pdf)

[The Child Care Council of Dutchess and Putnam Counties](#)

301 Manchester Road, Suite 201A Poughkeepsie, NY 12603

Phone: 845-473-4141 Fax: [\(845\) 473-4161](#) Toll Free: [\(888\) 288-4148](#)

Monday - Friday 9AM - 5PM

The Child Care Council of Dutchess and Putnam, Inc. works to promote affordable and quality child care, provide information and support to families, and strengthen the early childhood workforce in Dutchess and Putnam Counties.

Child Care Services- Learn about different child care options. Call the Council's Child Care Referral Service for referrals that meet your needs. The child care counselors are familiar with NYS regulated child care programs/centers and homes in Dutchess and Putnam counties. The child care options are for children 6 weeks though 12 years of age and in some instances, may be appropriate and referred for older children.

Dutchess and Putnam Infant Toddler Network Team New York States Infant & toddler Resource Network continues to grow exponentially. The network is comprised of Infant & Toddler Specialists (ITS) & Infant Toddler Mental Health Consultants (ITMHC) who work collaboratively with childcare providers to provide tools to high quality care for NY's Infants & Toddlers

Community Family Development (CFD) is the largest non-profit day care center in Poughkeepsie in the heart of the demographic population it serves, providing affordable childcare for inner city families; established in 1971 it is the only the only center offering all services from infant to school-age care. CFD is open from 7am-530pm Monday thru Friday and is licensed by the NYS Office of Children and Family Services.

Infant Program (6 Weeks to 18 Months)

CFD is the one of the only local day care centers with infant care. Babies need to develop basic trust, which enables them to begin exploring and learning about their environment. In the infant room, we focus on nurturing and predictable care to create a safe, welcoming environment. Infants have the opportunity to see, hear, feel, touch, and move. Language development is supported by responsive interactions, singing, and reading aloud. Our Infant Program is one of three classrooms that is part of the Babies Step Forward Program. In partnership with Westchester CoOperative Opportunity Program, CFD provides an Early Head Start Model curriculum for our youngest of learners.

A young child and his/her family may be considered eligible for WestCOP's Head Start (ages 3-5 years) or Early Head Start / Babies Step Forward (6 weeks-3 years) programs if they meet the necessary requirements. A family whose income is at or below the Federal poverty guidelines, or a family who receives TANF would be eligible to enroll children in our Early Head Start programs. Any child who is homeless or who has been placed in foster care is automatically eligible to attend and of our Early Childhood programs. Children with suspected or documented disabilities may also be eligible for enrollment. A percentage of families whose income falls above the poverty level may be considered for enrollment once outreach has been conducted to children and families in the community who meet the stated requirements.

Toddler Program(18 Months to 3 Years)

Toddlers start to move and explore more independently. They are learning to sort out objects in their world and communicate their needs. Our age-appropriate activities introduce reading and numbers, using rhyming, music, and sound. Your little tots develop personal expression through art, movement, and beginning dramatic play. Our Toddler program is also part of the Babies Step Forward Program, offering developmental assessments for our growing children and family supports and social services for those in need. For more information about Babies Step Forward, please visit <https://westcop.org/programs/early-childhood/babies-step-forward/>

Preschool & Pre-K Program (3 & 4 Years)

Our preschool program teaches early literacy and mathematics using a variety of activities and projects. We present opportunities to learn beginning skills involving the alphabet and numbers. Emphasis is on teaching problem-solving skills, expanding knowledge, and increasing vocabulary. In learning centers, children begin to work in small groups on projects as their social skills increase.

School Age Enrichment Program (5 to 12 Years)

We complete the continuum by developing social skills, personal responsibility, and exploring personal interests. Enrichment activities include homework tutoring, books, arts and crafts, outdoor games, team sports, and an on-site garden. During the school year, transportation is provided to and from school. Care is also available on school-free days and during summer vacation.

Our School Age Enrichment Program is available for before and afterschool care for Early Learning Center @ Smith School Students, Morse Elementary students and Kreiger Elementary Students. Our program also offers full day care when Poughkeepsie Central School District has school closure days.

EDUCATION

[New York State Education Department](#)

For specific information regarding your child/adolescent's educational needs or questions please refer to your individual school district website or contact information located within this guide.

School Registration/Transfer - Parents/Guardians may check on the school's website for the pre-registration forms and documents necessary to enroll a child. If the pre-registration forms cannot be located, please call the intended school,

Home Instruction -The school district maintains that a child who is educated at home should receive an education in a manner consistent with an educational plan and at least substantially equivalent to that given to minors of like age and attainments in the local public schools. The required subjects should be taught in a competent, systematic and sequential manner, specifically in relation to the basic core curriculum of reading, mathematics and writing. The Superintendent shall develop appropriate regulations and procedures in accordance with State Requirements.

Homebound Instruction provided by the School District - Homebound instruction is provided to students who are absent for two weeks or more due to documented medical or psychiatric illness. Prior approval via the Office of Pupil Personnel Services is required and is made on a case by case basis. Students in kindergarten are not eligible for homebound instruction. Homebound instruction is intended to provide continuity for the student while he/she is absent from school but is not intended to fully duplicate the education the student would receive while attending school.

Disciplinary Procedures If your child has misbehaved in school and the disciplinary action has reached the point of suspension, the School District is required to: Notify the parent/guardian immediately. Send out a letter to the child's home within a 24 hour period notifying the parent/guardian that the child has been suspended.

Students in Mainstream Education - If a regular education student has been suspended multiple times or is actively in trouble, they are sent out a letter regarding a *Superintendents' Conference*. This meeting is a preventive meeting as a warning to the *Superintendents' Hearing*. The *Superintendents' Hearing* is held to determine whether or not permanent suspension is needed. The *Superintendents' Hearing* also can be called if a student has committed a major violent incident.

Students in Special Education - If a student has a disciplinary violation the district will send out a letter for a *Superintendents' Hearing*, but notice will also be sent out regarding a Manifestation Determination/Emergency CSE Meeting. The CSE will determine whether the school placement is effective or if a new placement needs to be considered. The *Superintendents Hearing* looks at the

last suspension that the child received and asks if it was done in accordance with the student's handicapping condition. If it is determined that it was in accordance with the handicapping condition, then the student cannot be penalized. If the act was not, then the Superintendent has the right to expel the child.

Special Education Quality Assurance Regional Offices

Special Education Quality Assurance oversees preschool and school-age special education services through a quality assurance review process that emphasizes attainment of positive results for student with disabilities. Regional Associates, located in several quality assurance offices across New York State, coordinate the review process and also provide technical assistance to parents, school district personnel, and private providers.

Our regional offices are here to help you. If you have general questions about special education or have a specific question about special education services, please contact the Quality Assurance office located in your region. When contacting the regional office, please identify your county, school district or special education program so that you may be directed to the appropriate Regional Associate.

Dodie Davidson

Regional Supervisor

[Hudson Valley Regional Office - \(518\) 473-1185](#)

Bus Suspensions – Suspensions from the bus are carried through in the same manner, however, the letter home has a different format. The school requests that the parent/guardian speak with their child regarding their manner on the bus and work with the bus driver to cooperate. They maintain a policy that riding the school bus is a privilege, not a right.

Filing of a PINS Petition by the School District – School districts may file a “Person in Need of Supervision” petition with the Office of Probation where there is a persistent pattern of truancy, incorrigible behavior, ungovernable, or habitually disobedient. The school has made diligent efforts internally and externally to assist the student and the youth is not successful in adjusting their behaviors. *See DC Office of Probation section for further detail.*

Special Education - specially designed individualized or group instruction or special services or programs to meet the unique needs of students with disabilities. Children ages 3 – 21 with disabilities who live in New York State are eligible. Students thought to have a disability are referred to a multidisciplinary team (e.g. teachers, psychologists, administrators, and/or therapists) (CPSE or CSE) The committee arranges for an evaluation of the student’s abilities and needs. Based on the evaluation results, the committee decides if the student is eligible to receive special education services and programs.

Committee on PreSchool Education (CPSE) - Each school district has a Committee on Preschool Education (CPSE), which makes disability determinations for children with disabilities between the ages of 3 through 5. While each school district manages its own CPSE process, if you have questions or concerns about how this process is working for you and your child, it can be helpful to consult the Regional Associate at the *Hudson Valley Regional Office at 518-473-1185.*

[Dutchess County Early Intervention Program](#) 85 Civic Center Plaza, Poughkeepsie, NY 12601
Phone: 845-486-3518 Fax: 845-486-3554 Through the Dutchess County Department of Behavioral & Community Health, Early Intervention provides a multi-disciplinary evaluation at no charge to assess developmental status and determine eligibility for Early Intervention services (such as speech therapy, physical therapy, parent training, etc.). Children can be eligible for the Early Intervention Program if they are under three years old AND have a disability OR developmental delay.

Committee on Special Education (CSE) is a multidisciplinary team, appointed by the Board of Education responsible for students with disabilities from ages 5 – 21. The CSE is authorized to identify students in need of services by determining eligibility, developing an Individualized Education Plan (IEP), placing the student in the least restrictive environment in which they can succeed and provide appropriate services to meet the child’s educational needs. The committee meets to respond to initial referrals, amendment requests and process required annual reviews.

Educational Rights of Children: Youth that are Homeless or in Temporary Housing

Under the McKinney-Vento Homeless Assistance Act, a federal law, children and youth experiencing homelessness or living in temporary housing have the right to:

- Attend school regardless of where they live or how long they have lived there.
- Choose between: A. the school attended when the student was last permanently housed, B. the last school the student attended or C. the school where they are temporarily living.
- Immediate enrollment in school without requiring any documents regarding residency, immunizations, academic records, etc.
- Free transportation to school.
- Free meals at school.
- Participate in any school activity or program available to other students.
- Get special education services immediately if an Individualized Education Plan is in place.

These rights protected under the McKinney-Vento Act pertain to children and youth who are: staying in emergency or transitional shelters; sharing housing of others due to loss of their own housing, economic hardship or similar reason; living in places not meant for sleeping (car, abandoned buildings, parks, etc.); staying in a motel, hotel or campground; in a temporary living situation while awaiting foster care placement; or otherwise lacking a fixed, regular or adequate residence. Preschool services are also covered under the McKinney-Vento Act for children who are homeless or in temporary housing.

An appeal process is available for situations in which the school district does not agree that a student is homeless as defined by the McKinney-Vento Act. The district must provide a written explanation of this decision. The parent/guardian or unaccompanied youth has thirty days to file an appeal with the State Education Department. Each Local Education Agency (LEA) or School District is required to appoint a Liaison for the Education of Homeless Children and Youth.

For answers to additional questions, more information, contact: *NYS-TEACHS (New York State Technical and Educational Assistance Center for Homeless Students) 800-388-2014 or www.nysteachs.org*

New York Educational Advocates

Sometimes families need the help of outside expertise to negotiate appropriate services for their child with the Committee on Special Education. The individuals listed below come from various backgrounds- some are attorneys, others have substantial experience with the educational system. Many charge fees; others have no fee but limited time available. This list is not meant to be a recommendation of the services, just a resource list for you to consult and evaluate for yourself.

The Dignity for All Students Act (DASA)

<https://www.nysed.gov/student-support-services/dignity-all-students-act-dasa>

- [Laws and Regulations](#)
- [News](#)
- [Resources](#)

The Dignity Act

New York State's Dignity for All Students Act (The Dignity Act) seeks to provide the State's public elementary and secondary school students with a safe and supportive environment free from discrimination, intimidation, taunting, harassment, and bullying on school property, a school bus and/or at a school function.

The Dignity Act was signed into law on September 13, 2010 and took effect on July 1, 2012. Amendments to the act are effective as of July 1, 2013 and are noted under [Dignity Act News](#).

The original legislation amended State Education Law by creating a new Article 2 – Dignity for All Students. The Dignity Act also amended Section 801-a of New York State Education Law regarding instruction in civility, citizenship, and character education by expanding the concepts of tolerance, respect for others and dignity to include: an awareness and sensitivity in the relations of people, including but not limited to, different races, weights, national origins, ethnic groups, religions, religious practices, mental or physical abilities, sexual orientations, gender identity, and sexes. The Dignity Act further amended Section 2801 of the Education Law by requiring Boards of Education to include language addressing The Dignity Act in their codes of conduct.

Additionally, under the Dignity Act, schools will be responsible for collecting and reporting data regarding material incidents of discrimination, harassment, and bullying.

For further information or assistance please contact: Student Support Services
New York State Department of Education

For questions relating to the Dignity Act Training please contact: OTIDASA@nysed.gov(link sends e-mail).

AFTER SCHOOL PROGRAMS & RECREATION

The Hudson Valley's online guide to everything for kids, teens, & families. [Kids Out and About.com](https://hudsonvalley.kidsoutandabout.com/content/hudson-valley-after-school-and-saturday-classes) <https://hudsonvalley.kidsoutandabout.com/content/hudson-valley-after-school-and-saturday-classes>

Hudson Valley Parent www.hvparent.com

Mid-Hudson Discovery Museum

75 North Water Street Poughkeepsie, NY 12601

845-471-0589

The ideal destination for families with young children; exhibits focus on early literacy, art, early STEM, health and the local community, providing an educationally rich environment through which children have the opportunity to develop foundational skills, to engage in purposeful play, and to develop interpersonal connections. Visit the website for more information on hours of operation, admission, and ways to save.

Renaissance Kids, Inc.

1343-US-44 Pleasant Valley, NY 12569

(845) 452-4225

At Renaissance Kids, our goal is two-fold: (1) to nurture each individual child's personal growth by cultivating an appreciation and working knowledge of the arts and (2) to give each child an "art experience" that can be used by him or her as a tool for learning and as a means of positive personal expression.

Teen Programming

29 North Hamilton Street Poughkeepsie, NY 12601
845-452-1110 x3124

Our FREE afterschool and summer programming for middle and high school youth offers fun and recreational activities at the Family Partnership Center, and we are enhancing our activities to incorporate even greater focus on mental well-being.

We are thrilled to offer fun, enriching activities such as:

- **Open Gym**
- **Girl Talk**
- **Non-Contact Boxing Classes**
- **THRIVE Thursdays**

All activities will be infused with social emotional skill building and strategies to help youth THRIVE! Youth and their families will even have access to additional support from our dedicated Youth Social Worker.

Northeast Community Center

51 S Center St, Millerton, NY 12546
(518) 789-4259

The North East Community Center seeks to build a healthy, caring, responsive and welcoming community for all who live and visit here. NECC acts as a catalyst for that community vision through its partnerships with other organizations and by offering social, educational, recreational and cultural programs and services to help meet community needs.

Greater Hudson Valley Council Office

PO Box 974
Mohegan Lake, NY 10547
845-566-7300

It is the mission of the Greater Hudson Valley Council, Boy Scouts of America to deliver the highest-quality, values-based youth program of character development and leadership training, based upon the precepts embodied in the Scout Oath and Law, and to prepare our young people to make ethical decisions in order to reach their full potential and to better serve their family, community and country.

Liberty Partnership Program

Mid-Hudson Region
3399 North Rd. Poughkeepsie NY
845-849-0330

The Liberty Partnership Program (LPP) is a collaboration of 46 higher education institutions across New York State to support at risk middle and high school students in their academic, social, and emotional development. Through meaningful programs, students engage more fully in their education and are more likely to graduate from high school and continue on to higher education or stable employment. LPP connects schools and community partners to offer research-based interventions, including tutorial services, mentoring, socio-emotional counseling, career and college exploration activities, and enrichment, as well as support for students and their families.

The Art Effect

45 Pershing Avenue 2729, Poughkeepsie, NY 12601
845-471-7477

The Art Effect provides youth with a comprehensive core program sequence that benefits from cross-disciplinary visual and media arts education. Our programs are arranged into three overlapping branches: Explore, Experience, and Excel. Explore focuses on providing immersive introductory-level experiences in visual arts and media for students ages 4-11. Experience engages with students ages 11-18 using art as a hands-on tool for self-discovery, life skills development, and early job experiences. Excel

provides youth ages 14-24 with advanced art programs to prepare them for entrance into higher education or career.

Family Partnership Center

29 North Hamilton St, Poughkeepsie, NY
845-452-1110

The Family Partnership Center is an evolving model designed to build a stronger, safer community overseen and managed by Family Services. The Family Partnership Center is available to the community as a place to come together for conversation and the exchange of ideas, to participate in athletics and arts programming, and where a variety of nonprofits can co-locate and collaborate to offer enhanced services that create real access.

Girl Scouts Heart of the Hudson

3 Neptune Rd, Poughkeepsie NY
845-452-1810

Girl Scouts bring their dreams to life and work together to build a better world. Through programs from coast to coast, Girl Scouts of all backgrounds and abilities can be unapologetically themselves as they discover their strengths and rise to meet new challenges. Backed by trusted adult volunteers, mentors, and millions of alums, Girl Scouts lead the way as they find their voices and make changes that affect the issues most important to them. Girl Scouting builds girls of courage, confidence, and character, who make the world a better place.

Taconic Innovations program

872 Route 376 Wappingers Falls, NY 12590
845.849-3447
daycare@taconicinnovations.com

WE ARE A PRE-SCHOOL AGED DAYCARE CENTER IN HUDSON VALLEY, NY. **CURRENTLY ACCEPTING ENROLLMENT OF CHILDREN AGED 3-5.**

Family Opportunity Center

6423 State Route 55
Wingdale, NY 12594
(845) 293-4104

The Family Opportunity Center was created to bring children and families together in a safe, supportive, and fun space. An array of activities are available to engage children and their families: from games, to arts and crafts, to tutoring, vocational supports, and literacy.

Tiny Toes – this area is designed for the little ones (2 and under). Here you will find soft mats for exploring and toys to enhance fine and gross motor skills.

Imagination Station – Fully outfitted with a kitchen, dress up clothes, costumes, a puppet theater, and more to foster imaginative play

Sensory Space – Move and feel your way through this space with hands-in activities

Sensory Space- Move and feel your way through this space with hands-on activities that are sure to appeal to young and not-so-young alike.

Checkmate – A large table is the center stage with board games galore!

Slam Dunk – Make your way to the arcade section with full size ping pong and a basketball hoop

Arts & Crafts – Check out the craft area, pick a project, and let the creativity flow

Literacy Enrichment – classroom space with a small library and computers. A quieter study area with homework assistance, vocational support, and literacy enrichment

Family Dining – Speak to staff about reserving the dining room to enjoy a family meal

Support Services – Staff can connect visitors to additional support services and are happy to meet in a place most comfortable for the family. Offer comprehensive care coordination, individual, family, and group therapy, support groups, parent support, prevocational skill building, and advocacy support.

The Center is free to the public and free to attend. Visitors are asked to sign-in upon arrival

Hours

Monday: By appointment only

Tuesday through Friday: 10:00am – 7:00pm

Saturday: 9:00am – 6:00pm

Sunday: Closed

Etiquette & Spice Masterclass Purpose of program is to teach youth how to dress for success, prepare for the occasion and seize the moment of opportunity. Besides learning how to conduct themselves as gentlemen and ladies they will also learn life skills from professionals. This is more than an after-school program, this is a masterclass for youth. We bring in the best and give them the opportunity to learn firsthand from experts. We aim to help young people develop confidence, self-esteem, soft skills and more. Etiquette & Spice is designed to prepare them for success.

Chess Program (Teaching kids the benefits of chess) Aside from developing cognitive skills, chess also **develops children's social skills**. A benefit for children of playing games with rules consists in developing social aspects, such as taking turns, learning fair play, self-respect and respect for others, understanding others' perspectives, and developing empathy.

Girl Things (Women mentoring girls) Our program, "Girls Empowerment through Robotics and Mentorship," provides a supportive space for young girls to explore coding, robotics, and self-discovery while forming meaningful connections with inspiring women. Through workshops and mentorship, girls engage in hands-on projects guided by female role models, fostering confidence and leadership skills. Together, we empower girls to pursue their passions and shape a brighter future. Join us on this inspiring journey of growth and sisterhood.

A Place for Dutchess County Teens Ages 12-18 to Socialize

OPEN MONDAY – FRIDAY FROM 11 AM – 7 PM

This free program, provided by CAPE of Dutchess County, offers a safe space for middle and high schoolers to socialize, relax, enjoy fun games/activities, and get access to programs/services that promote health and wellness.

Our mission is to provide a safe community of empowered and educated youth finding their passion, building healthy relationships, and accessing programs/supports that encourage health and wellness.

Our vision is that—through prevention work, recovery support, and empathy—we can strengthen the younger generation, break unhealthy generational cycles, and create a healthier community overall.

Teens are welcome to drop in just to hangout or to come try out our free programming. At our clubhouse, they can enjoy free Wi-Fi, comfy seating, TV and movies, board games, video games, puzzles, books, arts and crafts, spaces to do homework, ping pong, cornhole, mini arcade games (air hockey, skee-ball, and basketball), books, and a quiet, relaxation space to decompress.

We offer free programming for local teens, including after-school homework help, financial literacy classes, creative art workshops, and other workshops educating on important health and wellness-related topics (ex. holistic stress reduction tools, teen dating violence/healthy relationships, trafficking/exploitation prevention, etc.). Generation Hope also has some of our offerings available in Spanish.

Interested in learning more? Reach out to us at 845-765-8301 x118 or clubhouse@capedc.org

FAMILY EDUCATION, SUPPORT AND ADVOCACY

Contact information, locations, and availability of support groups and classes change frequently. The 211 information system maintains a listing of local support groups and other helpful referral information.

The Center for the Prevention of Child Abuse (CPCA)

35 Van Wagner Road Poughkeepsie, New York 12603

[845-454-0595](tel:845-454-0595)

Monday—Friday 9AM to 5PM

Child Advocacy Center (CAC)

The Child Advocacy Center (CAC) is a family-friendly space for alleged child victims of sex abuse and/or extreme physical abuse. Trained staff at the CAC conduct forensic interviews with the children at the CPCA to ensure a safe space for children to disclose their stories of abuse. The CAC staff consists of law enforcement, CPS workers, a crime victim advocate, and program coordinators.

Supportive Parenting Program

The Supportive Parenting Program provides intensive case management services for parents with developmental disabilities and/or a mental health diagnosis. This includes weekly home visit support, supervised visitation and parenting classes. In addition to learning parenting skills, parents gain socialization and support from peers and receive assistance in meeting the needs of their children. Case managers also work closely with other service providers involved with our families to better serve our clientele's needs.

Clients are usually referred through the Department of Community and Family Services. To make a referral, you may fill out the form below or contact the program coordinator for one. [Make a referral here.](#)

New York State Association for Infant Mental Health (NYS-AIMH)

PO Box 5056
Saratoga Springs, NY 12866
reachus@nysaimh.org

The New York State Association for Infant Mental Health (NYS-AIMH) is a non-profit organization whose mission is to strengthen and promote social and emotional well-being for all children between the ages of 0-5 in a relational context in New York State.

NYS-AIMH promotes uniform and nationally recognized standards to ensure those engaged in the multidisciplinary fields supporting young children are trained in up-to-date science of child development and relationship-based practices. It provides professional development, creates a statewide competency system, and raises awareness about issues impacting young children and their families.

The National Alliance on Mental Illness

NAMI Mid-Hudson
P.O. Box 787
Poughkeepsie, N.Y. 12602
(845) 206-9892
contact@namimidhudson.org

The families and members of NAMI Mid-Hudson are here to help! We offer understanding to anyone concerned about mental illnesses and the treatment of mental illness.

Mental illnesses are brain disorders that are biologically based medical problems. Untreated, they can cause severe disturbances in thinking, feeling and relating. This results in substantially diminished capacity for dealing with the ordinary demands of life. Mental illness can affect persons of any age and occur in any family. They are not caused by bad parenting and not evidence of weakness of character.

NAMI offers an array of Support and Education Programs such as: Family Support Groups, Family-to-Family classes, NAMI Basic class, Peer-to-Peer Class, In Our Own Voice, NAMI Homefront (families of veterans or military), NAMI Connections Adult Recovery and Ending the Silence Presentations for students, staff and families.

- **Relatives as Parents Program (RAPP)** RAPP is an ongoing education and support program for grandparents and relatives who are providing primary care for relative children. Monthly support groups, educational resources, youth programs and other support services are available at several Orange, Dutchess, and Ulster County locations. Educational seminar topics may include: Legal issues, Living well, Keeping kids safe, and Working with your child's school. RAPP provides respite to relative caregivers through a variety of events, respite referrals to local agencies and twice a year the support groups will join together for special events: the Winter Holiday Party and Summer Picnic.
- **RAPP Youth Program** As a complement to our Coffee and Conversation support groups for relative caregivers, RAPP offers educational youth activities for school aged children. Held at the same time as Coffee and Conversation at our Poughkeepsie and Eastern Dutchess locations, RAPP youth are offered fun filled educational activities that promote communication, positive peer relationships skills, and facilitates a safe and welcoming space for discussion and growth. Participants have the opportunity to sharpen basic life skills while having fun with peers from similar life situations. By pairing the delivery of evidence-based educational lessons with a myriad of physical activities, RAPP Youth Program promotes the health of the whole child. Topics for our RAPP youth groups include several activities that aim to connect youth with their physical and emotional environments.
- **Parenting Workshops** Teaches participants parenting skills in the areas of understanding children, how to help children learn and thrive, effective discipline and personal stress management. Parents of children of any age can benefit from these programs.
-

Catholic Charities Community Services of Dutchess County

218 Church St, Poughkeepsie, NY 12601

845-452-1400

CCCSDC@archny.org

Catholic Charities Community Services of Dutchess County (CCCSDC) helps solve the problems of local individuals in need: the neglected child, the homeless family, the newly arrived immigrant or refugee and the hungry senior, or the newly unemployed for non-Catholics and Catholics alike. CCCSDC is a resource for needy families and individuals in Dutchess County, offering a wide array of free and professionally administered direct services to county residents at our main office in downtown Poughkeepsie and throughout the county.

Abbott House

Dutchess Location

1 Civic Center Plaza, Suite 501 Poughkeepsie, NY 12601

845-452-1805

Foster Care and Adoption Abbott House recruits, trains, and supports courageous families to open their homes and hearts to Abbott House children and adolescents. For children and teens who need additional support or who have not yet been matched with a foster family, residential care in a group home setting serves as a safe and nurturing atmosphere as they continue their individual journeys toward permanency. One community residence provides services for seriously emotionally disturbed children.

Juvenile Justice Abbott House provides temporary care and custody of youth accused of committing delinquent or criminal acts and detained by police arrest or court order. While youth await their court dates and disposition of their cases Abbott House offers a highly structured setting while providing for the safety and well-being of youth, staff and for the community.

The goal is to provide these youth with new skills and opportunities so that their first contact with the justice system will be their last. High quality and varied programming is tailored to the diverse needs of the residents. **100% of our youth after participating in our program were allowed to return home to their families.**

Preparing Youth For Adulthood The Preparing Youth for Adulthood (PYA) program works with adolescents starting at age 14 and young adults in foster care and serves as a vehicle for youth to learn how to be self-sufficient and make a positive transition into adulthood. Young adults in PYA learn how to research and apply for colleges or vocational schools; how to apply for housing; budgeting and money management; accessing community resources; consumer awareness; legal issues; interpersonal relationships; paying and monitoring utilities; housekeeping and home management; food management; and life coaching.

Welcoming Children from Afar (TRC Program) Abbott House welcomes children entering the United States from other countries without an adult guardian. We provide two Transitional Resource for Children (TRC) programs to support these children. The first is short-term care and support while a family member or sponsor is identified. During their stay, children receive room and board, case management, counseling, medical and educational services. The second program is to support children with long-term foster care and adoption when a family member or sponsor is not available. Bi-lingual foster families are recruited, trained, and supported.

Health Home Services Abbott House is accepting referrals from the community for enrollment of eligible children/youth into Health Home Services. Children/Youth must meet all eligibility requirements to be considered for enrollment.

[Click here for more information and to make a referral.](#)

We connect all client care providers in a partnership to develop a plan that leads to improved health. We believe this helps children and family's long-term health and well-being. Abbott House helps:

- Schedule appointments for services.
- Locates and refer children to other community resources.
- Ensures service providers work together on the child's plan of care.
- Gets resources to prevent crisis and achieve health goals.
- Helps if a child moves from a hospital stay to another community service.

[Child and Family Treatment and Support Services](#) Abbott House is accepting referrals from the community for enrollment of eligible children/youth with behavioral health and/or substance use needs. These services are available with NYS Children's Medicaid or, if enrolled in a Medicaid Managed Care Plan. Click here to learn more.

Clinical Counseling and Medical Services Abbott House Counseling Services are community-based resources open to individuals, children, and families. Our therapists provide family-focused treatment for children, adolescents, parents and other caregivers as well as individual therapy for adults. We use a variety of evidence-based approaches to treat emotional, behavioral or relationship problems. Together we set goals and work toward resolving difficulties. Counseling can help people better understand

problems, find solutions, identify strengths, and find new ways to improve well-being. **For more information call (914) 591 - 7300 ext. 3127**

Community Schools Resource Program Abbott House recognizes that the needs of the whole child must be met for students to succeed. We partner with the New York City Department of Education to provide services to elementary schools in the Mount Eden community of the Bronx. Our goal is to develop school communities in which students and families evolve into productive adults who will continue to grow economically and academically. We take a holistic approach to supporting student success that includes after school and summer programming, family engagement, social services, and physical and mental health services. We engage parents, families, and other members of the community as part of a process to transform each school.

H.E.A.R.T. (Helping Each Adoptive and Guardianship Family Remain Together) Permanency Resource Center

Sometimes raising adoptive or guardianship children has special challenges. H.E.A.R.T offers support and resources at no cost to families raising adoptive or guardianship children in Dutchess, Sullivan, Ulster and Westchester Counties. Having a history in foster care is not required. Services include in-home counseling for children and post-adoption parents or guardianship caregivers. Training, referrals, advocacy, and support groups are also offered. **For more information call 914-740-6225**

North East Community Center

51 S Center Street Millerton, NY 12546

(518) 789-4259

info@neccmillerton.org

The North East Community Center seeks to build a healthy, caring, responsive and welcoming community for all who live and visit here. NECC acts as a catalyst for that community vision through its partnerships with other organizations and by offering social, educational, recreational and cultural programs and services to help meet community needs.

Community Safety Family Services works with individuals who have a history of gun-related, domestic violence, or aggression in their relationships in order to help them learn a healthier approach to the people in their lives and communities. Our programs increase awareness of how belief systems and personal histories can lead to violence, giving these individuals the knowledge and skills to make the changes in their lives that make our communities safer.

Family Programs Family Services provides critical support to stabilize families and ensure child safety. Programs are tailored to each individual and include both group and in-home support, as well as supervised visitation and childcare services at Family Court. We also provide referrals to services that supply necessities and access to opportunity for families.

Prevention Family Services is a regional leader in programming that increases individual's awareness and coping skills to reduce sexual violence, gun violence, and substance use. We oversee programs that reach the public in Dutchess, Ulster, Orange, and Westchester counties.

Victim Services Family Services provides 24/7 support to victims of violence and other crimes. We are recognized leaders in the community's response to domestic violence and sexual assault, helping victims understand they are not alone, their safety is a priority, and they have options. Our person centered approach supports survivors' rights, dignity, healing and self-determination.

Youth Services Family Services after school programs emphasize the importance of caring mentorship in safe spaces for youth from elementary to teen. We give youth a sense of belonging in a place where they can develop their athletic, creative, academic, workforce and social skills in fun, supportive, and challenging ways.

MENTAL HEALTH AMERICA OF DUTCHESS COUNTY

All of the Support. None of The Stigma.

253 Mansion Street

Poughkeepsie, NY 12601

845-473-2500

info@mhadutchess.org

ADULT SERVICES

Care Management provides a MHA worker (Care Manager) to individuals who struggle with severe and persistent mental illness, chronic medical conditions, and/ or alcohol or substance abuse issues. We assist people in accessing necessary medical, social, financial,

vocational, residential, and educational services. We are a contracted partner with two Hudson Valley Health Homes; the Community Care Collaborative and Hudson Valley Care.

Homeless Services at Mel's Place is a collaborative effort between Dutchess County Government, Hudson River Housing and MHA. We offer a safe-haven and care management services to those in our community who are without a place to call home. Our services are provided at the 24-hour shelter during the daytime hours. We offer support and referrals to community services for housing, employment, addiction, health benefits, and more.

Personalized Recovery Oriented Services (PROS) is a comprehensive recovery-oriented program for individuals with severe mental illness. We integrate support and rehabilitation in a manner that facilitates the individual's recovery and include our participants in the development of curriculum that meets their needs.

Supported Housing provides 21 supported housing beds that are scattered site subsidized apartments for people who have a serious mental illness.

CRISIS SERVICES

Mobile Crisis Intervention Team (MCIT) 24/7 crisis response for children, youth and adults in Dutchess County. Designed to reduce emergency room visits and inpatient hospitalizations while maintaining people safely in the community.

ECHO (Enhancing Community Health Thru Outreach) focuses on supporting the community as holistically as possible with mental health professionals and law enforcement working together to strengthen communities.

FAMILY SUPPORT, ADVOCACY & EDUCATION Information and Referral offers a referral list of psychiatrists, psychologists, social workers, support groups, and services at other agencies and private practices.

Library Services provide DVDs, books, journals, and computers with Internet access for the public. Assistance with resume writing upon request.

Parenting Workshops include How to Talk So Kids Will Listen, Managing Defiant Behavior, Parenting Challenging Teens, and Parenting the Explosive Child. Parent Education and Custody Effectiveness (PEACE), and more.

Supported Education provides on-site assistance to ACCESS-VR eligible students with a psychiatric disability and/ or addiction disorder as they attend college.

Workshops & Trainings are offered throughout the year using professional curriculum. MHADC offers periodic mental health screenings.

Adult Advocacy Program provides information, referral, and advocacy to adults with mental illness and their families who often have aging parents or other family members at-risk. A Depression/Bipolar Support Group for adults meets weekly.

CASA (Court Appointed Special Advocates) trains citizen-volunteers in a 40-hour course to be an advocate in the judicial process for a child in or at-risk of foster care, due to abuse or neglect. Referrals are through the Family Court Judge only.

COMPEER trains volunteers to match with people receiving mental health services. The relationship that develops helps build coping skills, making it easier to integrate into the community.

Emerge Program is for parents who have psychiatric disabilities. It addresses the needs of parents who are struggling with their own issues of mental illness while trying to parent a child.

Family Support Programs for parents/caregivers of children with serious emotional disorders, offer peer/parent support groups, sibling support/education groups, and Family Advocacy.

The Family Visitation Program is a coached-visitation model and supervised visitation, providing strength-based support for parents/caregivers visiting their children in placement. The coach engages with the family to assist the parent.

Respite Programs offer parents/caregivers of children with special mental health needs the opportunity for respite. Including planned individual and group activities, summer camp sponsorships, and Teen clubhouse.

Teen Challenge addresses challenges through weekly life skills curriculum meetings, vocational/educational mentoring for jobs and education, and community engagement involving community service projects.

Family Partnership Center

Founded in 1879, Family Services brings people together to find the support they need, improving their lives through innovative and effective programming. We foster collaborations that build stronger, safer communities. And as societal change makers, we work towards a more just Hudson Valley for all.

Funded in part by Dutchess County, The Dyson Foundation, and the Urban Park NYS Parks, Recreation and Historic Preservation

For a list of our partners or for information on how to become a partner agency and/or rent space for a community event, visit: familyservicesny.org/familypartnership-center

[The Brain and Body Coalition](#)

Contact: Heather Ann Pritcher **Phone:** (845) 293-2929
Training, Education and Outreach

At The Brain and Body Coalition, we are dedicated to supporting and uplifting Black, Indigenous, and People of Color communities. Our goal is to support our children and give the support and tools to those around them to maintain wellness. In order to accomplish our mission, we actively collaborate with local organizations to ensure that our support reaches communities of color effectively.

It Is What It Is - Breaking the Barrier of Stigma workshops. These workshops currently comes in 15 modues and can be combined to create an endless variety.

Mental Health First Aid Certification Training - Mental Health First Aid (MHFA) teaches you how to identify, understand and respond to signs of mental health and substance use challenges among adults. You'll build skills and confidence you need to reach out and provide initial support to those who are struggling. You'll also learn how to help connect them to appropriate support.

Saving Our Tomorrow

Founder: Jasmaine Clay
(646) 276-8989
29 N Hamilton St. Suite L-22
Poughkeepsie NY 12601

Key Services Include:

Personalized Case Management: Tailored support to help clients develop and follow through on individual plans, addressing specific needs and goals.

Health Information Coordination: Assistance with accessing and managing physical and mental health services, ensuring comprehensive care.

Family Support: Engaging with families to provide holistic support, helping to strengthen family dynamics and address shared challenges.

Credible Messenger Mentorship: Partnering with Family Services Westchester and OCFS, we offer mentorship programs that connect youth with positive role models to guide them through personal and academic development.

Workshops and Training: Offering workshops on personal safety, self-care, cyber safety, and substance use to educate and empower our community members.

Monthly Distributions: Providing personal care items, clothing, and other essentials to those in need, ensuring that basic needs are met

Essentials Program Highlights:

Monthly Distributions of Personal Care Items and Clothing: Ensuring individuals and families have access to necessary hygiene products and clothing.

Workshops on Personal Safety and Self-Care: Empowering participants with knowledge and skills to improve their well-being.

Specialized Support for Domestic Violence and Human Trafficking Survivors: Our founder, a newly retired Army veteran and domestic violence survivor, leads initiatives

to provide targeted support for those affected by domestic violence and human trafficking.

At Saving Our Tomorrow, we believe in the power of community and collaboration. Through our partnerships and dedicated services, we strive to create a supportive and nurturing environment for all individuals and families we serve. Join us in our mission to build a stronger, more resilient community.

**Eligibility for State Programs
(OPWDD, Children’s Consolidated Waiver, NY Connect)**

The Office for People With Developmental Disabilities is pleased to announce that new Front Door Information Session videos are now available for viewing on the [OPWDD website](#).

OPWDD (Office for People with Developmental Disabilities) eligibility via the Front Door <https://opwdd.ny.gov/get-started> Seeking eligibility for OPWDD is better done sooner than later.

- 1. Start with calling the local Front Door Office number at 1-866-946-9733**
 - a. OPWDD Front Door is the entry point for services provided by the NYS Office for People with Developmental Disabilities (OPWDD) <https://opwdd.ny.gov/get-started>
- 2. Then connect with a Care Coordination Organization that will help with the eligibility process. They will help collect the documents needed for eligibility.**
 - a. The 3 CCOs that serve Dutchess County are:
 - TRICOUNTY CARE CCO:*** 844-504-8400; www.tricountycare.org 829 E. 15th St., Brooklyn, NY 11230; or email intake@tricountycare.org
 - LIFEPlan CCO:*** 1-855-LIFEPLN (1-855-543 3756); <http://lifeplancony.com> 258 Genessee St., Suite 601; Utica, NY 13502
 - CARE DESIGN:*** 518-235-1888; www.caredesignny.org 8 Southwoods Blvd., Suite 110, Albany, Ny 12211

Locally you may contact Jean Dabenigno-Kelly at jdabenigno-kelly@caredesignny.org or at 845-253-1201 x 6426
- 3. You’ll be asked to attend a Front Door information session. They are available on the internet, and are needed: find a session here:**
<https://opwdd.ny.gov/get-started/information-sessions>
- 4. If someone is older, and retrieving such documents seems “impossible”, reach out to the Front Door local office to gain information on what can be done to help support the eligibility process.**

What services can OPWDD provide for you and/or your family member?

- Comm hab; where a worker comes to your home and provides support around daily living skills, socialization, etc.

- Respite; where a worker comes to your home, or when the individual is brought to specified location to receive supports while the primary caretaker/parent/guardian receives a break (respite).
- Vocational support; where an individual receives support while learning vocational skills
- CSIDD (Crisis Services for Intellectual and/or Developmental Disabilities); where clinical professionals assist individuals, families, and/or other providers support in helping an individual with complex needs. They can help create support plans to aide an individual during a trying time.
- Day Hab; an adult day program service, where an individual can engage in site based skill building, or community based skill building in areas such as learning, social skills, minimal vocational skills, and other daily living skills.
- Recreation clubs through a few providers.

Children’s Home & Community Based Consolidated (HCBS) Waiver, also known as Children’s Waiver Services,

https://www.health.ny.gov/health_care/medicaid/redesign/behavioral_health/children/overview.htm At times, this program is a better option for youth with complex medical needs/are medically frail in place of OPWDD services until adulthood.

Contact- CYES (Child Youth Evaluation Services) for assessment for eligibility for the Consolidated Children’s Waiver Services at **833-333-2937**. See page 84 for more information.

- Children’s Consolidated Waiver is only available until age 21.
- Can have both the Children’s Consolidated Waiver and OPWDD eligibility, however only 1 can be active. If/When found eligible for OPWDD they would basically need to choose which programs/services they want.
- Merger of all Children’s Waiver Services included Bridges to Health
- Many youths transition to OPWDD eligibility when they hit age 21 after receiving Consolidated Children’s Waiver Services. (OPWDD eligibility process still needs to be sought, it is not automatic)

Children and Youth with Special Health Care Needs (CYSHCN) for ages 0-21

CYSHCN is a statewide public health program that provides information and referral services for health and related resources to families of CYSHCN.

CYSHCNHSS (Children & Youth Special Health Care Needs Support Services) also offers financial assistance for medically and financially eligible children between the ages of 0-21. The youth/family must have inadequate private insurance, or no health insurance. *(“Funded by the New York State Department of Health using federal Health Resources and Services Administration Title V funding. The opinions, results, findings and/or interpretations of content contained therein are the responsibility of the Contractor and do not necessarily represent the opinions, interpretations, or policy of the State or Federal funding agency.”)*

Contact the Dutchess County DMH Public Health Nursing office for more information at 845-486-3419. See also page 12

NYConnects <https://www.nyconnects.ny.gov/> serves older individuals and individuals of all ages with disabilities (an alternative if someone is not found eligible for OPWDD and needs minimal support services). Cannot be combined with OPWDD services. They can help individuals, families, caregivers, and professionals connect to such services that include everyday activities (cooking, cleaning, bathing, bill pay, etc.), care giving, social life, health needs.

Early Intervention and Preschool Special Education Services

Early Intervention (EI) for ages 0-3 all see page 15 - 17

<https://www.dutchessny.gov/Departments/DBCH/Early-Intervention-Program.htm>

Early Intervention: The Early Intervention Program provides supports to families to help their child grow and develop, and to help them support and promote their child's development. Children are referred to Dutchess County EIP services due to suspected or diagnosed developmental delay or disability. Email healthinfo@dutchessny.gov or call 845-486-3518

Preschool Special Education for ages 3-5

Children can be referred to Preschool Special Education (PSE) through the child's school district of residence. Eligibility is determined by the school district CPSE (Committee for Preschool Special Education) which would include children with known or suspected developmental delay or diagnosed disability.

[Preschool Special Education Forms \(dutchessny.gov\)](#)

Please contact your local school district CPSE for more information.

Educational/Vocational/Transitional Services

Transition Coordinator - Community Based Services <https://commbasedservices.org/>
CBS is an OPWDD approved (along with some non-certified OPWDD programs) agency that has a grant from Dutchess County for a Transitions Coordinator (individuals must have an intellectual or developmental disability, but do not have to be OPWDD eligible for this, however they will be encouraged to apply for eligibility if they meet criteria). The Transition Coordinator will help individuals and their families navigate the transitional school age years (15-21) for appropriate programs and services through school and for transition into adulthood.

Jennifer Havrilla; Transition Coordinator, Community Based Services; 3 Fields Lane, North Salem, NY 10560;
(914) 236-1128; jhavrilla@commbasedservices.org

1. **Special Education Advocacy (SEA)** <https://taconicresources.org/special-education-advocacy/>

The link to register for a SEA <https://hipaa.jotform.com/211714608854155>

2. **Mobile Benefits Counselor** to aid families and individuals (18 and older) with understanding and obtaining benefits they are entitled to <https://taconicresources.org/mobile-disability-benefits-counseling/>

School Transitional Services: Contact the school CSE (Chair for Special Education) or the child's guidance counselor to discuss.

1. A request to discuss an IEP/504 plan or to review their IEP for an extension for them to remain in High School until 21-if slated to graduate before age 21 and can benefit remaining in school.
2. Consider a request for a school to work program in the additional year(s). (ask your district if they have this program)
3. Request a referral to **NYS ACCES-VR** <http://www.acces.nysed.gov/vr> for vocational support- see more information below.

If your child does not have an IEP or 504 Plan you may request, in writing to the school's CSE, a review to see if your child is eligible for either an IEP or 504 plan.

ThinkAhead <https://www.sunydutchess.edu/around-campus/student-services/opportunity-programs/think-ahead.html>

Join Dutchess Community College's Think Ahead program to develop job skills and life skills while enjoying a college experience! Classes are held on Poughkeepsie campus. Each year, late Winter/Early Spring applications for the following Fall Semester are posted. 8-10 individuals are chosen to participate in ThinkAHEAD each year.

What you need before you apply:

- Willing to engage in work experiences or audit credit-bearing classes, in addition to attending 9 hours of Think Ahead classes a week.
- Seeking skills to prepare for gainful employment.
- Living at home, independently or in a certified setting.
- Able to arrange transportation to DCC's Poughkeepsie campus.
- Able to cover basic expenses including:
 - Books/supplies
 - Optional commuter meal plan is available at extra cost.
- You're at least 18 years old and a resident of Dutchess County.
- You have OPWDD eligibility and will be enrolled in the Home & Community Based Services Medicaid (HCBS) waiver at the time of application.
- You have a life plan or an Individual Services Plan (ISP) that supports program course/goals.
- You've had a vocational evaluation, like a school to work program or pre-vocational assessment.
- You have achieved a minimum of 1 hour of unsupervised time.
- You've graduated or have been separated from a secondary school program.

Questions? thinkahead@sunydutchess.edu

ACCES VR <http://www.acces.nysed.gov/vr> for vocational support

1. If the individual is in school, the school district can complete the ACCES VR referral.
2. There is a youth and student transitional services section on their website; <http://www.acces.nysed.gov/vr/student-and-youth-transition-services>
3. For individuals out of school, contact ACCES VR directly. [Adult Career and Continuing Education Services | NYS Education Department](#)
 - a. ACCES VR also provides Adult Education services.

Vocational Programming outside of ACCES VR- please note that students in school may receive minimal, if any, vocational support unless they are in a school to work program. This is because the vocational supports do not want to take away from education.

National programs for employment and education

- 5. **Employment First/US Department of Labor**
<https://www.dol.gov/agencies/odep/initiatives/employment-first> Employment First is a national systems-change framework centered on the premise that all individuals, including those individuals with the most significant disabilities, are capable of full participation in [Competitive Integrated Employment \(CIE\)](#) and community life. Under this approach, publicly-financed systems are urged to align policies, regulatory guidance, and reimbursement structures to commit to CIE as the priority option with respect to the use of publicly-financed day and employment services for youth and adults with significant disabilities.
- 6. **Workforce Recruitment Program** <https://www.dol.gov/agencies/odep/program-areas/employers/workforce-recruitment-program> Every year, the WRP connects federal and select private-sector employers nationwide with highly motivated college students and recent graduates with disabilities eager to demonstrate their skills and abilities in the workplace through internships and permanent jobs.
- 7. **Entry Point!** American Association for the Advancement of Science [Entry Point! | American Association for the Advancement of Science \(aaas.org\)](#) The objective of the program is to encourage and develop talent among undergraduate and graduate students with disabilities who have demonstrated an interest in pursuing a STEM career.
- 8. JAN- Job Accommodation Network www.askjan.org *The Job Accommodation Network (JAN) is the leading source of free, expert, and confidential guidance on workplace accommodations and disability employment issues.*

Driver's License Assistance:

- 1. There is a drivers evaluation section with **ACCES VR-**
<http://www.acces.nysed.gov/vr/44000-driver-evaluation-and-training-policy>

2. **Driving with Autism** <https://autismdriving.com/about/> "Driving with Autism: Driver Readiness Webinars." This 8-part webinar series is taught by a live, virtual expert instructor and focuses on the very specific training needs of autistic individuals. The series focuses on one topic per week and teaches it in a way that is easy to digest and gives students the space to process the information before we move on. Our goal is to help individuals know the expectations of learning to drive and going over concepts that most driver schools do not cover like sensory needs. We want them to obtain their license! - Please note this is not a driving class, but a prep class for what to expect when one gets behind the wheel.

Guardianship and Financial Supports/Services

Guardianship In New York State, when a person turns 18 years old, they are assumed to be legally able to make decisions for themselves. This means that no other person is allowed to make personal, medical, or financial decisions for them.

If you are concerned about the well-being of an intellectually or developmentally disabled person who is 18 or over (or about to turn 18), you may be considering a court appointed guardian. There are 2 types of guardianship in NYS.

- **An Article 17-A Guardian** is someone who is appointed by a Surrogate Court judge to help protect the interests of an intellectually or developmentally disabled adult and make decisions for them, when they are unable to do so for themselves. For more information please visit: <https://nycourts.gov/courthelp/Guardianship/17A.shtml>
 - Please note that Dutchess County Surrogate's Court may appointment a Guardian Ad Litem Attorney for your child during the Article 17A guardianship process. There could be fees associated with this Ad Litem Attorney. Requesting a financial hardship waiver is not inappropriate, however paperwork does need to be submitted to the Guardian Ad Litem for them to formulate the fee.
- **Article 81 Guardianship.** A more specific guardianship <https://nycourts.gov/courthelp/Guardianship/AIP.shtml>
- **Supported Decision Making** <https://sdmny.org/> Supported decision-making (SDM) is a now well recognized practice by which people with intellectual and developmental disabilities (I/DD) are able to make their own decisions with the support of trusted persons in their lives and retain all their legal and civil rights.
 - NYS is moving more in the direction of Supported Decision Making over guardianships.

Financial Supports/Services

1. **NY ABLE Accounts:** <https://www.mynyable.org/> These allow someone to earn money and keep their benefits without penalties. P
2. **Special Needs Trusts-** SNT: <https://futureplanning.thearc.org/pages/learn/where-to-start/financing-the-future/special-needs-trusts>

3. **Taconic Resources for Independence: Mobile Benefits Counselor** to aid families and individuals with understanding and obtaining benefits they are entitled to. <https://taconicresources.org/mobile-disability-benefits-counseling/> (for individuals 18 and older).
- Taconic Resources holds workshops on SSI and Medicaid throughout the year. Check out their calendar here <https://taconicresources.org/events/>

DEPARTMENT OF MENTAL HEALTH

CHILDREN'S SINGLE POINT OF ACCESS (C-SPOA)

<https://www.dutchessny.gov/Departments/DBCH/Mental-Health-Services.htm>

Identifies children/adolescents with the greatest risk of placement outside of the home as a result of serious behavioral health issues and provides timely access to an array of supports based on the identified need of the child/adolescent and the family.

C-SPOA Services and Eligibility

<https://omh.ny.gov/omhweb/childservice/docs/cspoa-application-part1.pdf>

Care Coordinator: The goal is to link the individual/family to community supports. To help build on the child's strengths and improve their coping skills. There are a limited number of slots for this service. It is available to families that hold private insurance.

Health Home Care Coordination: (HH) Medicaid Service Coordination for children from (5-21) that meet qualifying conditions. Acuity level is determined by care management agency

<https://omh.ny.gov/omhweb/childservice/docs/cspoa-application-part2.pdf>

Children's Community Residences

Children's Community Residences (CCR) are home-like programs for youth with mental health needs. They offer a temporary place for youth to live with supervision, structure, skill building and behavioral support. During a youth's time at a CCR, they attend school in the community. Youth also receive treatment services, like therapy and medication management, in the community.

CCRs are a 24 hour/7 day a week program. CCR buildings are not locked. There is a ratio of at least one staff to four youth. Youth may have their own bedroom or share with one other youth.

- [Children's Community Residences Map](#)
- [CCR Program Information for Caregivers](#)
- [CCR Program Information for Referring Providers](#)

Residential Treatment Facilities

Residential Treatment Facilities (RTF) are a type of inpatient mental health program for youth with complex mental health needs. They provide all physical, medical and mental health services for youth in their care. They provide treatment on-site, in the home, and in the community. RTFs offer a supervised and structured environment. Youth admitted to an RTF go to a school on or close to the RTF campus.

RTF's are 24 hour/7 days a week programs. There is a ratio of at least one staff to four youth. Youth may have their own bedroom or share with one or two other youth. Each RTF program has its own unique admission criteria.

Children and Youth Evaluation Services (C-YES)

The Children and Youth Evaluation Service (C-YES) is a statewide program that determines whether a child/youth (under age 21) is eligible for Home and Community Based Services (HCBS) for children who do not currently have Medicaid or for children who opt-out of the Health Home Serving Children's program. To make a referral or learn more information –

Effective January 1, 2026, the New York State Department of Health will take over the role of the Children and Youth Evaluation Services (C-YES)

- **Starting January 1, 2026, the New York State Department of Health (DOH) or the Office of Mental Health (OMH) will determine if children/youth who do not have Medicaid are qualified for Children's Waiver Home and Community Based Services (HCBS).**
 - Children/youth **who already have Medicaid** who may qualify for HCBS will be sent to a Health Home to complete the process of determining if the child/youth qualifies for HCBS.
 - Find a Health Home or Care Management Agency in your County or Community
[Click here FIND A HEALTH HOME](#)

- DOH/OMH will support children/youth **without** Medicaid through the process of determining if the child/youth qualifies for HCBS and applying for Medicaid.
- **Starting January 1, 2026, all Children's Waiver participants will receive care management through the Health Home program or the State**
 - Children/youth with a Children's Waiver HCBS application that started before January 1, 2026, will continue to work with their current C-YES Family Service Coordinator (FSC). Your current C-YES FSC will support families in completing the process and transferring to a Health Home by March 31, 2026.
 - For more information:
 - Refer to the [C-YES Letter & Handout to Waiver Participant's and Families](#)
 - **1-833-333-CYES** (1-833-333-2937). TTY: 1-888-329-1541.
 - Visit the [New York Independent Assessor C-YES webpage](#) for more details.

COMMUNITY SERVICES AND SUPPORT FOR HIGHER COMPLEXITY

Astor Enhanced Coordinated Children’s Services Initiative (ECCSI)

Contact: Katie Castell, LCSW-R **Phone:** (845) 430-9861

ECCSI is a Dutchess County funded process intended to facilitate collaboration between families and service providers to meet each family’s unique needs. The goal of the ECCSI is to prevent out of home placement of children between the ages 0-18. Youth ages 18 – 21 aging out of foster care and Pregnant women are also eligible. Families must reside in Dutchess County and ECCSI support is provided at no cost to the families. Family members can directly self-refer and must be involved with more than one community service. Caretakers and youth who have criminal charges pending and/or are already involved in DCFS Preventive Programming are ineligible. **ECCSI Goals include:** • Increasing each individual family’s knowledge, access, and participation in community-based services • Assisting families to navigate successfully multiple systems and providers.

Astor High Fidelity Wraparound (HFW)

Contact: Kimberly Connolly **Phone:** (845) 417-4517

The High-Fidelity Wraparound (HFW) is an evidence-based model of care coordination that uses a highly structured, team-based, family-centered management process. The process involves intensive,

individualized planning and managing for children and youth (ages 12-21) with serious social, emotional, or behavioral concerns. The children and youth served by HFW are involved in multiple child service systems, such as behavioral health, child welfare, juvenile justice, and special education. The family is provided with weekly services from the HFW Team, consisting of a Care Manager, Family Peer Advocate, and Youth Peer Advocate. In utilizing this wrap-around approach, several positive outcomes are possible such as sustained familial cohesion and stabilization, improved academic performance, and lower rates of hospitalization and residential treatment.

Astor Serving Youth in Their Communities (SYNC)

Contact: Trish Luchnick, Director of Family Driven Care **Phone:** (845)554-1365 x112

Serving Youth in their Communities (SYNC) offers an array of the new state plan services which can be provided in a youth's home, school, and other community-based locations. These services are tailored to meet the behavioral and emotional health needs of each child. In partnership with families, SYNC is dedicated to keeping children with behavioral health difficulties in their communities and current school placements through early intervention thereby avoiding more intensive and even out of home treatments. Through supportive skill-building and clinical services, SYNC helps to build a strong foundation so that youth and families can be active and productive members of their communities

Astor Youth ACT (Assertive Community Treatment)

Contact: Linda Balloqui Smith Team Lead Youth ACT **Phone:** 845-763-0966

Youth ACT is a home-based program that provides comprehensive support to help youth obtain and maintain stability within their homes and communities. Youth ages 10 –21 living in Dutchess County who * have diagnosed mental health condition and need extra support * at risk of hospitalization * are returning home from a higher level of care. Services offered: assertive engagement, individual and family therapy, care coordination, medication management, crisis intervention, skill development, individual psychoeducation, family psychoeducation & peer support, linkage to ongoing resources. There is no cost to families. Services are funded through Medicaid & State Aid. Referrals are submitted to DC DMH C-SPOA Olivia Clark cspoareferrals@dutchessny.gov

Together for Youth Functional Family Therapy LLC (FFT)

Contact: Katrina Lesniak Phone: (518) 429-0413 klesniak@berkshirefarm.org

Medicaid or Managed Medicaid service for families with youth ages 0 – 18 with youth experiencing behavioral, social, and/or emotional difficulties are provided this empirically grounded family intervention program to increase protective factors and reduce risk factors. The clinician engages with the family for an average of 12 – 18 sessions over a four to six month period in partnership with all of the family members. The phases of treatment include: engagement, motivation, relational assessment, behavior change, and generalization.

OnTrackNY

Contact: Chaya Rubin, PsyD Outreach & Recruitment Coordinator **Phone:** (845) 741-8734

Supporting young people with mental health challenges across New York State. OnTrackNY is a network of coordinated care teams across NYS that offers comprehensive, personalized support – including therapy, help with school and work, peer support, connection to community resources, support for physical health, family services, and/or medication – to teens and young adults who are impacted by unexpected changes in their thinking and perceptions. Services for young people age 16 to 30 years old, experiencing unusual thoughts, or feeling suspicious of others, noticing changes in the way things look or sound, and challenged by feelings of stress, fear, anger, or confusion.

HOSPITAL DIVERSION

Astor Dutchess Intensive Day Treatment (IDT) Phone: 845-486-4944

A transition program requiring local school district referral operated in Poughkeepsie through Astor and DC BOCES. This program is for students in crisis and can provide stabilization through a more intense therapeutic environment, prevent hospitalization or provide support following a hospitalization. The IDT program is five days a week with daily group therapy, individual therapy, three hours of academic tutoring and a planned gradual transition back to the home school. There is a middle and high school 30 day program for students ages 13 and over and a 60 day program for children ages 7 through 12 years.

Astor Home-Based Crisis Intervention Program (HBCI) *Phone: 845-554-1365*

The Astor Home-Based Crisis Intervention Program (HBCI), designed to prevent psychiatric hospitalization or out of home placement, is an intensive, short-term crisis intervention service and family education program. Crisis intervention, home-based assessment & treatment planning, psycho-education, family & individual therapy, care management & referral services are provided by our interdisciplinary staff. This program serves ages 5 – 20.

Therapists are available to families' by phone 24-hours a day, 7 days a week, to respond to a crisis situation. Referrals to Astor's HBCI Program are accepted from psychiatric hospital emergency services, schools, children's mental health providers, family members, as well as other public agencies working with children

Astor Adolescent Partial Hospitalization Program (PHP) *Phone: 845-554-1091*

PHP offers a short-term intensive treatment program designed to keep adolescents in the community, decrease problematic symptoms, and prevent psychiatric inpatient hospitalization. PHP uses Dialectical Behavioral Therapy (DBT) as the primary evidenced-based treatment model. This program may be used as an initial point of entry into mental health care; as a step up from routine or intensive outpatient services; as a step down from acute inpatient care; or to prevent hospitalization. Services provided by the interdisciplinary team include intensive group, individual, and family therapy, medication management, referral services, discharge planning, crisis intervention, and weekly DBT Caregiver Support Group. Youth also receive 2 hours of education per day through DC BOCES. Program operates Monday through Friday from 8:30-3:30pm with 24 hours, 7 days a week coaching in the event of a behavioral health crisis. Referrals can be made by phone (845-554-1365) to Astor's Partial Hospital Program. An intake/screening appointment will be offered to be held within 48 hours of the phone call.

Charlie Health Phone: (866) 491-5196

Anneliese Gartner Clinical Outreach Manager anneliese.gartner@charliehealth.com 914-621-7667

Four Winds Hospital

Phone: 518-584-3600 and dial Option 4.

The Child and Adolescent Partial Hospitalization Program provides a full day intensive group therapy treatment program whose goal is to prevent psychiatric inpatient hospitalization or to offer additional support as a step down from an inpatient stay. Child program for children in the 3rd grade or older, Adolescent program for ages 13- 17.

PSYCHIATRIC INPATIENT

Four Winds Hospital

800 Cross River Road
Katonah, New York 10536
Phone: 1-914-763-8151
Admissions: 1-800-528-6624

Child Treatment - Provides a nurturing, therapeutic, home-like environment integrating the principles of Applied Behavior Analysis, which promotes positive reinforcement for socially appropriate behaviors.

Pre-Teen Treatment - Specialized treatment for patients experiencing emotional and behavioral dyscontrol and a wide range of psychiatric disabilities. Focus on developing social skills, mastering impulse control and promoting healthy communication.

Adolescent Treatment - Specialized treatment and programming for patients with depression, anxiety, mood disorders, impulsive and disruptive behaviors, specialized learning, social and developmental needs. Treatment based on Dialectical Behavior Therapy (DBT) and the Collaborative Problem Solving (CPS) approach to help teens acquire skills to achieve behavioral control.

Adult Treatment - Comprehensive evaluation and specialized treatment for adult patients managing psychosocial stressors and life challenges including: depression, anxiety, psychosis, and co-occurring substance abuse disorders.

Mid-Hudson Regional Hospital of Westchester Medical Center

Mid-Hudson Regional Hospital
241 North Rd, Poughkeepsie, NY 12601
Emergency Psychiatric Care 845-431-8892
Mental Health Services Outpatient – Children, Adolescents, Adults 845-431-8287

Adult Inpatient Treatment Treatment is focused on reducing the patient's symptoms and moving the patient on to continuing outpatient care in the community. The multi-disciplinary team approach utilizes the skills of psychiatrists, psychologists, social workers, nurses and recreational and expressive therapists. In addition to two acute care psychiatric adult units, the Behavioral Health Center has a third unit which serves as a general inpatient psychiatric population and those with combined psychiatric and medical problems.

Child/Adolescent Inpatient Treatment Two specialized units, one for children and one for adolescents, provide comprehensive evaluations and treatment in a structured setting. Treatment includes milieu, individual, group and family therapy and medication, if necessary. Discharge planning is done in cooperation with parents and involved agencies. A psychiatric multi-disciplinary team approach is used and includes psychiatrists, psychologists, social workers, nurses, educators and recreational and expressive therapists. Consultation with pediatricians is available, as needed. During their stay, children attend school located in the building to minimize any disruption in their education. Both units have access to indoor and outdoor recreational facilities.

SAFETY AND VICTIM ASSISTANCE

[Child Abuse Hotline](#)

Reports of suspected child abuse or maltreatment should be made immediately to the New York Statewide Central Register of Child Abuse and Maltreatment.

New York State and the New York State Child Protective System recognize certain professionals as holding the important role of mandated reporter of child abuse or maltreatment. These professionals can be held liable by both the civil and criminal legal systems for intentionally failing to make a report.

Mandated reporters must file, within 48 hours of an oral report, a signed, written report, [Report of Suspected Child Abuse or Maltreatment \(LDSS-2221A\)](#). This written report is to be filed with the appropriate local CPS.

Do You Suspect Abuse or Maltreatment?

Report it Now!

This hotline operates 24 hours a day, seven days a week, 365 days a year.

A **Hope Card** is a portable version and/or summary of an order of protection. Parties with final orders of protection may request and receive, free of cost, a physical Hope Card, a digital Hope Card, or both, which they can carry in their wallet, pocket, or on their cell phone. A physical Hope Card is a durable, wallet-sized card with a summary of the information on the order of protection and a QR code link to a digital image of the order. A digital Hope Card is a digital image of the order. Physical Hope Cards are sent to the protected party by mail, while digital Hope Cards are sent to the protected party by email or text message, with a secure link to the digital image.

A **Hope Card** request can be made online at <https://hope.nycourts.gov> or by filing a Hope Card Request (UCS-HCR1) form with the court clerk's office at any Criminal, Family, or Supreme court.

Hope Card Request forms are available online at

<https://www.nycourts.gov/LegacyPDFS/forms/hopcard/hope-card-request-2024-fillable-new.pdf> or at a criminal, family, or supreme courthouse.

Center for Victim Safety and Support (CVSS) CVSS provides 24-hour non-residential, comprehensive services to victims of domestic violence, sexual assault, and other crimes. CVSS also specializes in enhancing the systems response to victims of crime as well as prevention of crimes. We operate under the guidelines of a victim-centered approach, supporting victims' rights, dignity, autonomy, and self-determination.

To enhance the systems response to victims of crime, CVSS follows a model of co-location, where staff split their time between the main office and partner agencies throughout the community to facilitate partnerships and streamline services to victims.

24-hour hotlines: We provide a 24-hour domestic violence hotline and a 24-hour rape crisis/crime victim's hotline. These hotlines are a resource for community members in need including primary and secondary victims, law enforcement, medical professionals, partner agencies, and other community members in need of assistance. The rape crisis/crime victim's hotline is also the Dutchess County hotline for human trafficking victims.

Chat Line (NEW SERVICE): CVSS advocates are now available by chat to offer information, advocacy, and support to individuals who have been impacted by violence. To access CVSS Chat by cell phone, text 845-583-0800. To access CVSS Chat online, visit www.resourceconnect.com/cvss/chat. The Chat Line is open Monday – Friday from 9:00am – 4:00pm. If you need immediate assistance outside of Chat Line hours, please contact us on our 24-hour hotlines: 845-485-5550 or 845-452-7272.

**If you have reason to believe that someone could be monitoring your activity on a computer, phone, or tablet, you may want to find another device for chatting or call us on our 24-hour hotlines.*

Advocacy/Accompaniment: Victim Advocates staffed at CVSS are professionals trained to support victims of crime. Advocates offer victims information and referrals, emotional support, guidance, and help finding resources. Advocates accompany victims throughout their process including going with them to court, police, social services, hospitals, and others.

Counseling: CVSS provides an array of services to help victims through their healing process including 3 months of free trauma counseling and support groups. Therapy or counseling can help people who have experienced trauma make sense of their experiences and feelings, develop plans to stay safe, learn healthy coping skills, and connect with other resources and support.

Rape Crisis Services: CVSS Victim Advocates provide rape crisis services and are on-call 24 hours a day, 7 days a week to respond to and accompany sexual assault victims and secondary victims to hospital emergency rooms, police departments and court rooms.

Domestic Abuse Response Team: The Domestic Abuse Response Team Project (DART) works to enhance the criminal justice response to domestic violence to increase the accountability of offenders as well as increase safety of victims through coordination of services. DART is an interdisciplinary approach consisting of the Special Victims Bureau of the Dutchess County District Attorney's Office, DART advocates at CVSS, police officers from each of the DART Police Departments, DART Probation Officers from the Dutchess County Office of Probation and Community Corrections, and the Project Coordinator for the Universal Response to Domestic Violence.

High Risk Case Management: CVSS leads the Dutchess County High Risk Response Team. The goal of this project is to reduce lethality in domestic violence cases with the goal of preventing homicide. The High-Risk Team is a multidisciplinary group of local professionals that identifies and addresses the most serious and potentially lethal cases of domestic violence in the county.

Lethality Assessment Program: CVSS partners with local law enforcement agencies in the Lethality Assessment Program (LAP). LAP consists of an 11-question screening tool, used by law enforcement when responding to a domestic incident and an accompanying referral protocol. The program has

established an effective method to connect victims of domestic violence who have the greatest risk of being seriously injured or killed by their abusers to a domestic violence service provider immediately following an abusive incident.

Elder Case Management Services: For individuals 60+ who have been the victim of financial exploitation, neglect, psychological abuse, sexual abuse or domestic violence. The goal of the program is to provide early recognition and intervention, intensive case management, community outreach, training and education, and to prevent further instances of abuse.

Underserved populations: CVSS is committed to working towards an end to violence in traditionally underserved communities. CVSS provides services for victims with special needs, such as differently abled, non-English speaking, or hearing impaired. Non-English-speaking domestic violence victims are accommodated by CVSS staff who are fluent in Spanish and by access to 24/7 Language Line services. Additionally, CVSS provides services with an informed understanding of specific needs and challenges of LGBTQ survivors of domestic violence and sexual abuse. CVSS recognizes the barriers that many underserved populations may face when accessing any type of service, so we also offer referrals to allied organizations according to individual needs.

Outreach/Education: CVSS provides outreach and education to community members in an effort to spread awareness of domestic violence, sexual assault, and other crimes as well as to make the community aware of victim's rights and services. We also have a comprehensive intern/volunteer program and provide a 40-hour training course in the NYS Department of Health Rape Crisis Certification for community members.

CVSS provides 24 hour non-residential, comprehensive services to victims of domestic violence, sexual assault, and other crimes. CVSS also specializes in enhancing the systems response to victims of crime as well as prevention of crimes. We operate under the guidelines of a victim-centered approach, supporting victims' rights, dignity, autonomy, and self-determination.

All services are free, accessible, and confidential. The Center for Victim Safety and Support serves people of all racial/cultural backgrounds, religions, sexual orientations (lesbian, gay, bisexual, heterosexual), gender identities (men, women, transgender people), abilities, citizenship status and ages.

SNUG SNUG is an evidence-based street outreach program based on the Cure Violence Model in Chicago, which treats gun violence like a disease by identifying its causes and interrupting its transmission. The program focuses on youth between the ages of 14 and 24 who are at high risk for involvement with gun violence. The SNUG team develops and implements risk-reduction strategies to reduce that involvement with the goal of saving lives and helping individuals turn their lives around.

Sexual Assault Response Team (SART) The Sexual Assault Response Team (SART) was developed in 2015 to provide victim-centered, trauma-informed response to sexual violence in our community. This multidisciplinary team is made up of partners including the District Attorney's Office, the Department of Community and Family Services, Center for Victim Safety and Support, Vassar Brothers Medical Center, Mid-Hudson Regional Hospital and their Forensic Acute Care Team, City of Poughkeepsie Police Department, Town of Poughkeepsie Police Department, Hyde Park Police Department, Dutchess County Sheriff's Office, New York State Police, Relapse Intervention for Sex Crimes, Bard College, Marist College, the Culinary Institute of America, Vassar College, Dutchess Community College, and other community agencies. Our current goals focus on: implementing trauma-informed training to all of our partners; creating awareness in the community about sexual violence and resources available; and developing a county-wide, victim-centered, trauma-informed protocol for responding to sexual violence.

The Coalition against Sexual and Domestic Abuse (CASADA) is a diverse group of individuals and organizations committed to ending interpersonal, familial, and sexual violence in Dutchess County. We seek to achieve this through education, advocacy, and political action. We acknowledge that these abuses know no boundaries, although the primary victims are women and children. We assert the fundamental right of every individual to live in a safe and nurturing environment.

Keeping New Yorkers safe, the SAFE fund provides financial assistance directly to **#survivors** to help remove financial barriers to safety. Through SAFE, a survivor was able to pay legal fees for her divorce, severing ties with her abuser. Learn more about SAFE here:

[Grace Smith House, INC.](#)

24 Hour Hotline: 845-471-3033

Provides both residential and nonresidential services to victims of domestic violence and their children. The mission of Grace Smith House is to enable individuals and families to live free from domestic violence by:

- Providing shelter and apartments, advocacy, counseling and education

- Raising the consciousness of the community regarding the extent, type and seriousness of domestic violence
- Initiating and taking positions on public policies in order to provide options which empower victims of domestic violence

All Grace Smith House services are free and confidential for victims of domestic violence.

Crisis Intervention & Information: 24-hour crisis hotline to help victims assess their individual situation, assist in creating a safety plan for themselves and their children, and understand options available. Referrals and information about our services are available.

Shelter: Grace Smith House operates secure emergency shelter for individuals and their children, staffed and open 24 hours a day, 7 days a week. Assistance with meals, transportation, employment, housing, and counseling services are provided.

Transitional Housing: Apartments for those exiting from a short-term shelter stay to a more independent living environment. Emotional support and advocacy is provided on site.

Domestic Violence Counseling & Support Groups: Offer individual and group counseling for victims of domestic violence. Trained counselors facilitate groups for victims and survivors to help acknowledge their experiences of violence and learn non-violent methods of problem solving and communication.

Advocacy & Accompaniment: Assistance with police, courts, social services, employment, housing and other resources. Guidance on legal issues, such as orders of protection, child custody matters, and other issues.

Latina Outreach: Spanish-speaking advocacy and counseling. Assistance with the unique issues facing victims in the Latina community.

Community Education: Community, business & school-based programs focus on identification of domestic violence, resources available, and the referral process. Youth education focuses on bullying, digital abuse, and relationship violence prevention and intervention.

Monday–Friday 9AM to 5PM

Contact

Jessica Ferrantino

Child Advocacy Center Coordinator

(845) 249-4884

What is the CAC? The Child Advocacy Center (CAC) is a family-friendly space for alleged child victims of sex abuse and/or extreme physical abuse. Trained staff at the CAC conduct forensic interviews with the children at the CPCA to ensure a safe space for children to disclose their stories of abuse. The CAC staff consists of law enforcement, CPS workers, a crime victim advocate, and program coordinators.

Why have a CAC? Each team member at the CAC plays an integral role in the healing process for the family. The goal of a CAC is to reduce the trauma for the child by providing a safe space where a child can disclose their story of abuse to different professionals without having to repeat it multiple times. The CAC houses all disciplines to keep the child as comfortable as possible, and have all professionals come to one location.

How does the process work?

Upon arrival at the center, the children and non-offending family members are welcomed to sit in one of the family rooms, fully equipped with toys and games for children of all ages before the interview process begins.

CPS and law enforcement explain the interview process to the family before conducting a detailed forensic interview with the child in a private space.

The non-offending caregivers are then debriefed on the child's interview and the next steps in the investigation process.

What is the role of an Advocate?

The victim advocate is there to help them through the process. The advocate: comforts the families, listens to concerns

connects families to resources., refers families to other services, follows up with the family after the case has been investigated Examples of Services: Access to food pantry and storage room supplies, Educational Pamphlets, Parenting Classes, Mental Health Referrals, Support Groups, Housing Assistance, Domestic Violence Services and Family Court Assistance.

	Christina Weiner, Case Supervisor		845-486-3394

- Investigates reports of alleged child abuse or maltreatment received through the State Central Register (SCR) 24 hours per day seven days per week;
- Offers/arranges services when needed for families through the Department’s own programs and community service providers to ensure child safety and reduce the risk of future abuse or maltreatment;
- Participates in the Dutchess County Multidisciplinary Investigative Team at the Child Advocacy Center, to conduct investigations with law enforcement regarding allegations of sexual abuse and serious physical abuse of children.

Children’s Services – Foster Care

Unit Supervisors	Jackie Sessa, Case Supervisor	Phone	845-486-3065
	Vanessa Stuart, Case Supervisor		845-486-3095

- Ensures safe, nurturing temporary care for each child in foster care or Article 10 placement with relatives, with the goal of return to family if possible, adoption if the family cannot be reunited, or preparation for independent living or discharge to another appropriate resource as is appropriate for each child;
- Ensures that all foster children receive the medical, developmental, educational and mental health services they require;
- Works with birth parents of children to arrange services and resolve issues that brought their children into foster care so that children may safely return home.

Children’s Services – Institutional Care and Detention

Unit Phone:	845-486-3220	Fax:	845-486-3238
Unit Supervisor:	Vicki Rivera 845-486-3084		

- Arranges for and supervises non-secure and secure detention placements when Family Court remands youth to detention;
- Arranges for voluntary foster care placements for Dutchess County children and families when necessary;
- Locates, coordinates and supervises placement of children in all levels of foster care;
- Provides case management to children placed in therapeutic foster home, group home or institutional settings to address their emotional, developmental or medical needs.

Children’s Services – Safe Harbour

Office Phone:	845-249-4878	Fax:	845-454-0129
Cell (call/text):	914-475-3589		
24 hr. Victim Hotline:	845-452-7272		
	David Garcia, Safe Harbour Coordinator David.Garcia@dfa.state.ny.us HumanTrafficking@DutchessNY.gov		

- Assists in identifying victims of labor and sex trafficking and coordinating trauma informed services
- Provides case management for youth up to the age of 21, who are suspected of being trafficked or are at high risk of being exploited
- Access to services to support the immediate safety needs of youth (food/clothing/shelter)
- Provides presentations to youth on various topics including Human Trafficking, Internet Safety, Sexting and Sextortion
- Facilitates Prevention Education Programs for high school and middle school youth
- Assists families with referrals to supportive services
- Provides community and professional presentations on Human Trafficking

Youth Services

Division Phone:	845-486-3664	Fax:	845-486-3288
Division Head and Title:	Assistant Commissioner for Youth Services Karmen Smallwood, 845-486-3129 karmen.smallwood@dfa.state.ny.us		

	Sr. Youth Worker Corinne Lesko, 845-486-3664 corinne.lesko@dfa.state.ny.us
--	---

Youth Services staff members provide free, confidential short term supportive services for youth residing in Dutchess County ages 4 to 21 years. Assistance includes:

- Direct services for youth and families to help problem solve personal, family or school difficulties;
- Advocacy to ensure youth rights are respected;
- Referrals to find additional help;
- Education to teach coping skills plus presentations to community or school groups on youth issues.

The Division administers the New York State Office of Children and Family Services (OCFS) grant funding to promote positive youth development, increase youth developmental assets and decrease juvenile delinquency. The Division is also responsible for providing youth empowerment opportunities in the community, increasing public awareness of youth issues, and enhancing community resources for children and youth through inter-agency collaborations.

The Division also oversees the **Path To Promise Initiative**, a multi-year effort to ensure all young people in Dutchess County, from birth to age 19, have the assets they need to achieve their fullest potential as they grow into young adults. <https://pathtopromise.net/>

DIFFERENTIAL RESPONSE PROGRAMS Concerns with Youth Under the Age of 12 engaging in challenging, and problematic behavior, including criminal activity. For youth under the age of 12 who raise concerns for criminal activity and other problematic behaviors they are engaging in, referrals can be made to the Dutchess County Department of Community and Family Services (DCFS) for services and support. These referrals for intake can be made by law enforcement agencies, schools, parents, or community agencies. For questions and/or to inquire about making a referral for the DCFS Differential Response Program under Raise the Lower, call (845) 486-3664 or (845) 486-3024.

Cornell University
Cooperative Extension

Relatives as Parents Program is a free community-based program that works with families throughout Dutchess County providing educational workshops, peer support groups, respite events, inter-generational activities, referrals and resources for non-parent caregivers raising children. RAPP staff work with non-parent caregivers and their children to provide a fun, safe, welcoming space for them to connect with other families in situations like their own.

Adult Support Group & Youth Programming

Promotes group discussion and peer support through parenting and kinship education. Provides referrals to community resources and presentations from local organizations. Encourages leadership and empowerment through workshops and youth directed activities.

Twice a year, all the support groups can join together for special events: the Winter Holiday Party and Summer Picnic. The purpose of these events is to provide encouragement and fun for kinship care families.

RAPP Monthly Schedule:

Monthly, we currently offer an evening in-person event that provides a family-style dinner, the parent discussion and peer support group and the children's activity and engagement group. This event takes place on the first Wednesday of the month.

Our Zoom parent discussion and peer support group occurs on the second Thursday of the month.

Each event starts at 6PM. Please reach out for additional information!

[Free Legal Help with Child Support Matter](#)

<https://familylegalcare.org/>

The Children's Center Program:

50 Market Street 2nd floor
Poughkeepsie NY 12601
845-431-1854

The Children's Center provides childcare for children ages 6 weeks to 12 years old who are:

- Part of a Family Court case
- Completing an evaluation

We also provide referrals to services in the community such as daycare, WIC, Medicaid, literacy programs, counseling, support programs, and further resources that may be useful to families. Our goal is to help families feel supported. Activities for children The Children's Center engages children in ways that are fun and encourage development. • Board games • Drama play • Reading • Arts and crafts • And more All children are offered snacks and beverages. This service is free to all caregivers with courthouse business. Registration is required. Please arrive at least 10 minutes ahead of your court appointment to complete an intake form. All information is confidential.

Center Hours: Monday – Closed Tuesday – Fridays 9:30am – 4:30pm

Families First Court Initiative (Families First) provides Family Court-involved youth ages 12-18 and their families with intensive supports on abuse and neglect, juvenile delinquency, persons in need of supervision, and order of protection matters, in order to reduce the use of congregate care and prevent further system involvement

Katelynn van Zutphen
Clinical Coordinator

kvanzutphen@nycourts.gov

The Families First Clinical Coordinator will provide trauma-responsive and developmentally informed support throughout the court process with expert knowledge in adolescent development and community services that are available to provide support. The Clinical Coordinator will be there to support the whole family in navigating complicated legal and social service systems and connect the family to services that will meet the specific needs.

Monthly Clinical Conferences will allow the family to have an active role in planning with everyone involved, including the parents and child attorneys, and anyone else that may be a support for the family members.

The Dedicated Families First Judge will lead with a trauma-responsive judicial approach and ensure more frequent court appearances so that a family's progress can be noted more often than traditional appearances.

Support and Advocacy for Increased Contact if appropriate and applicable, the coordinator will advocate for increased contact or visitation to strengthen relationships and support reunification.

An Emphasis on Repairing Parent-Child Relations is a goal of the Families First when things have happened to harm the relationship.

Raising the Lower Age - A Differential Response for Children 7 Through 11 Years of Age

As part of promoting the well-being of children, families and communities, New York State passed legislation that raises the lower age of juvenile delinquency to 12 years old in almost all cases, as of December 29, 2022 to develop a differential response for children younger than 12 who do not fall under the definition of juvenile delinquent. This legislation provides a critical opportunity for New York State to shift from criminalizing certain behaviors to providing young people with support services and assistance from differential response programs. The purpose of the differential response is to prevent the youngest children, who exhibit and engage in problematic behavior, from involvement with the juvenile justice and child welfare systems. Differential response services are voluntary, community-based, and aim to meet the needs of eligible children and their families by providing opportunities and support that promote racial, ethnic, and gender equity, and overall well-being.

Raise the Age (RTA)

New York's [Raise the Age \(RTA\) legislation](#) changed the age that a child can be prosecuted as an adult to 18 years of age in criminal cases in New York State. Prior to RTA, New York was one of two remaining states to hold 16 year-olds criminally responsible. RTA changed the age of criminal responsibility to:

Learn more at [Raise the Age New York](#).

- 16 and 17-year-olds charged with misdemeanors under the penal law are considered Juvenile Delinquents and their cases are decided in the Family Court.

- 16 and 17-year-olds charged with misdemeanors under the Vehicle and Traffic Law are considered adults and their cases are decided in the local criminal court.
- 16 and 17-year-olds charged with felonies are considered Adolescent Offenders (AO) and their cases start out in the Youth Part of the Supreme or County Court. AOs whose cases are removed from the Youth Part in Supreme or County Court to Family Court, will then be considered Juvenile Delinquents. If the AO is charged with a felony under the Penal Law or the Vehicle and Traffic Law, and charged with a misdemeanor under the Vehicle and Traffic Law, all the charges may go to the Youth Part together. The felonies may be sent to Family Court, but the misdemeanor under the Vehicle and Traffic Law will either stay in the Youth Part or be sent to the local criminal court.

Persons in Need of Supervision (PINS)

What behavior indicates that a parent should consider filing a PINS petition?

It is important to seek help early, before your child nears the age of 18. If your child is engaging in any of the following behaviors, you may wish to consider filing a PINS complaint through the Dutchess County Office of Probation and Community Corrections:

- Running away
- Truancy
- Frequently breaking curfew
- Frequently defiant - not responding to parental authority
- Drug and alcohol use

Of course, many youth display some of these behaviors from time to time, especially during adolescence. However, if your child is frequently or habitually engaging in these behaviors and you believe that he or she is beyond your control, a PINS complaint is one course of action to consider. Sometimes counseling and other family supports can help improve the situation. River Haven offers counseling and emergency housing for runaway teens or teens that can benefit from a “cooling off” period.

How do I file a PINS complaint, if this is what I decide to do?

If you decide to file a PINS complaint, you may contact *the Office of Probation and Community Corrections* at 845-486-2600 for an appointment to discuss your concerns. If a PINS complaint is decided upon, a probation officer will gather information about your child.

As the parent/complainant, you have the right to withdraw the complaint at any time, unless the case has LEADY BEEN FORWARDED TO Court for further interventyion.. However, if a school or other party files against your child, they may request court intervention if they believe the matter has not been successfully resolved.

Juvenile Delinquent (JD)

A juvenile delinquent, under New York law, is someone who is currently at least twelve years of age under the age of 18 and has been adjudicated of either a felony or a misdemeanor. It's distinguished from a criminal conviction, so juvenile delinquency proceedings are held in [family court](#), as opposed to criminal court. It doesn't necessarily mean that people under 18 cannot still be charged as adults; it just means that the vast majority of people below the age of 18 will now be in family court, as opposed to adult criminal court. The juvenile justice system focuses more on rehabilitation of juvenile, rather than punishment. The family court will, generally speaking, only look to put a juvenile in detention if alternatives have been explored, they are considered a constant runaway, or at risk of committing further criminal activity. To place a youth longer outside of their home, the Court must consider the least restrictive alternative that it deemed to be in their best interest and the community's.

What Is the Difference Between a Juvenile Delinquent Adolescent Offender and a Juvenile

Offender? A juvenile delinquent is a youth at least twelve years old but below 18, charged with either a felony or a misdemeanor in family court. A juvenile offender is a youth 13-15 who commits a serious felony. An adolescent offender is a youth 16-17 who commits any kind of felony. Both the juvenile offender and the adolescent offender would be handled in a special part of criminal court called the Youth Part.

Under the new Raise the Age and Raise, which took effect December 2022, a person under the age of 12 cannot be charged as a juvenile delinquent, unless it's certain crimes involving murder or manslaughter. Instead, they can be referred to the Differential Response Program through the Dutchess County Department of Community and Family Services (DCFS).

[Astor Services Probation Based Services](#)

Juvenile Risk Intervention Services Coordination (J-RISC) is a community-based service offered through Dutchess County's Department of Community Corrections and Probation. The program offers Functional Family Therapy to youth identified as high-risk for Family Court involvement and/or juvenile detention or placement. J-RISC utilizes an intensive team intervention approach. The team includes a Probation Officer dedicated to the J-RISC assigned youth, a probation employed Case Manager, and an Astor clinician specifically trained in the evidence-based model, Functional Family Therapy (FFT).

Services Offered

- Seeks to reduce risk factors while enhancing protective factors
- Develops specific behavior change plans with the families that are sustained beyond completion of the program
- Increases the family's ability to use community resources and engage in relapse prevention
- A YASI reassessment is completed with all youth at the end of services

- Youth who complete the program have lower rates of placement and lower rates of the youth's re-involvement with the juvenile justice system.

Referrals

Family Court Unit Probation Officers refer youth identified as high risk by the Youth Assessment and Screening Instrument (YASI).

M, T, Th, F 8:30 a.m. – 5 p.m.

Wednesdays – emergencies only

The Dutchess County Department of Community and Family Services provide assistance with the costs of housing, medical care, food and other emergency needs, with eligibility based on income and medical need. There are a variety of programs, with different eligibility requirements. Financial assistance may also include work requirements, participation in a treatment program or the filing of a support petition.

SOCIAL SECURITY INCOME AND DISABILITY INSURANCE

Supplemental Security Income (SSI)

877-405-6747 or 800-772-1213

SSI is a program that pays monthly benefits to eligible individuals with disabilities who have limited income and assets. Eligibility requirements must be met and the process is lengthy. Persons eligible for SSI are also eligible for Medicaid and Food Stamps. This program is available to children and adults. For a child, it is based on the parent's income until they are 18, then only the child's income and assets are considered.

Social Security Disability Insurance (SSDI)

877-405-6747 or 800-772-1213

SSDI is a program that pays monthly benefits to adults who become disabled and have worked long enough to meet the "work credits" requirement. It is also available to children who were disabled before the age of 22 and whose parents are retired, disabled or deceased.

DUTCHESS COUNTY DEPARTMENT OF EMERGENCY RESPONSE

Dana Smith – Commissioner

911response@dutchessny.gov

9-1-1 EMERGENCY SERVICES

Emergency Services are about protecting you and your loved ones. There are thousands of men and women in Dutchess County who dedicate their lives to serving and protecting our community 24 hours a day, 7 days a week. They are always there - whether it be local EMS workers, firefighters, or police officers from our municipalities, the Dutchess County Sheriff's office, or the New York State Police.

Our 9-1-1 Dispatchers are your lifeline to emergency services. These professionals work hard to ensure responders reach you as quickly as possible. In the case of emergency, remember to dial 9-1-1. It saves lives.

Dutchess County Juvenile Fire Setter Intervention Response and Education

(J-FIRE)

845-486-3994 jfire@dutchessny.gov

The Dutchess County [J-FIRE Program](#) provides a comprehensive, non-punitive, multidisciplinary approach to address the problem of juvenile fire setting by early identification, assessment, education, and intervention on the effort to protect lives and property. J-FIRE uses an evidence-based assessment process that helps determine the level of risk as well as educational strategies for children and families. In collaboration with firefighters, police and probation officers, and mental health clinicians, the J-FIRE program services are available to youth ages 3-17 to improve safety for the families in Dutchess County. To make a referral call or email and an Intervention Specialist will follow up for an appointment to meet. The same phone number and email can be used for requesting information and/or asking a question.

Emergency Management

The Emergency Management Division is responsible for coordinating Dutchess County's response to requests for emergency disaster assistance from municipalities. This assistance can include support to local incident commanders during emergencies, the use of the County's Emergency Operations Center (EOC) to manage assets and resources deployed in a large-scale disaster and being a resource for receiving assistance and support at the state and federal levels such as through the Federal Emergency Management Agency (FEMA).

The Division is also responsible for the County's emergency preparedness activities, working with local, state, federal and private sector partners in emergency management to plan and prepare for large-scale, multi-jurisdictional responses to disasters.

The numbers listed below are for **NON-EMERGENCY USE ONLY**. To report an emergency, **DIAL 9-1-1**.

- Family Sessions
- Parent Support
- Life Skills Training
- Recreational Activities
- Substance Abuse Education
- Relapse Prevention
- Community Involvement
- Home Visits
- Coordination of Care

Significant others, adolescents and young adults are also welcome to come for counseling if they have a loved one who is struggling with substance use disorder.

The Seven Challenges Program: An evidenced-based program designed for substance abusing or substance dependent young people, to motivate a decision and commitment to change. It helps young people look at themselves, understand what it takes to give up a drug abusing lifestyle—and prepare for and attain success when they commit to making changes.

The Seven Challenges

1. We decided to open up and talk honestly about ourselves and about alcohol and other drugs.
2. We looked at what we liked about alcohol and other drugs, and why we were using them.
3. We looked at our use of alcohol or other drugs to see if it has caused harm or could cause harm.
4. We looked at our responsibility and the responsibility of others for our problems.
5. We thought about where we seemed to be headed, where we wanted to go, and what we wanted to accomplish.
6. We made thoughtful decisions about our lives and about our use of alcohol and other drugs.
7. We followed through on our decisions about our lives and drug use. If we saw problems, we went back to earlier challenges and mastered them.

The Mid-Hudson Prevention Resource Center (MHPRC) was established in 2009 as an New York State Office of Addiction Services and Supports (OASAS) initiative to be an intermediary supplier of training and technical assistance to community coalitions across New York State.

Located at the Alcohol & Drug Awareness Council of Orange County, the MHPRC serves Sullivan, Ulster, Dutchess, Putnam, Westchester, Rockland and Orange Counties.

What can the MHPRC do for you?

Consultation addressing the issues of substance use in community settings.

Guide and assist community coalitions with the Strategic Prevention Framework (SPF) to increase the effectiveness of substance use prevention

Provide specific community coalition trainings on stages of the SPF, environmental strategies and evidence-based programs

When should YOU reach out to the MHPRC? When you want to learn more about substance use and the effects it can have in your community. When members of your community feel substance use is prevalent in your area but do not know what to do about it.

When community members have already begun to take action against substance use and could use guidance and technical assistance.

When coalition members are unsure about how to engage with diverse sectors of your community.

When coalition members want to increase their capacity and community participation.

When your community already has a successful coalition and would like to learn more about sustaining the positive impacts and outcomes of their prevention efforts.

When you want to connect to others in the substance use prevention field who may have additional resources.

Contact us at MHPRC@adacinfo.com

Mid-Hudson Regional Hospital Turning Point

Inpatient Programs • 845.483-5511
241 North Road, Poughkeepsie, New York 12601
Outpatient Programs • 845.483.5512
201 South Avenue, Poughkeepsie, NY 12601

Turning Point at Mid-Hudson Regional Hospital is dedicated to providing hope and support to those individuals and their families whose lives have been affected by chemical dependency. We enter into partnerships with our patients, staff and referents to provide the highest level of care through service, communication and clinical excellence. Our goal is to facilitate the total recovery of the individual and family by teaching sobriety in the most effective and respectful manner possible.

The interdisciplinary treatment team at Turning Point consists of clinicians highly skilled in the field of chemical dependency and mental health treatment. Therapeutic alliances are established early in order to facilitate effective treatment planning. Patient and referent satisfaction surveys reveal that our patients consistently value the individualized treatment approach we provide.

COUNCIL ON ADDICTION PREVENTION & EDUCATION OF DUTCHESS COUNTY, INC.

31 Marshall Rd, Suite 3G, Wappingers Falls, NY 12590 845-765-8301

<https://capedc.org/>

CAPE is a NYS Office of Addiction Services and Supports (OASAS) licensed provider and a contract agency of Dutchess County. Their dedicated staff provides training, prevention counseling, community education, and recovery services to individuals, families, businesses, schools, community groups, and other local organizations. They also host annual community events to raise awareness, increase interagency collaboration, and foster unity among community members.

PREVENTION EDUCATION PROGRAMS: Provide evidence-based presentations in schools, colleges, community-based organizations, and businesses throughout the county related to drinking and driving, underage drinking, alcohol and substance use, and gambling. This program also works with the school-based SADD chapters. Contact: education@capedc.org or 845-765-8301 ext. 104

PREVENTION EDUCATION & COUNSELING PROGRAM (PROJECT SUCCESS): Provides licensed counselors in 4 districts and 10 schools offering substance use/addiction prevention education and counseling to students, faculties, families, and communities through individual and group counseling, information and referral services, and family communication programs. Contact: counseling@capedc.org or 845-765-8301 ext. 103

TEEN INTERVENE: An evidence-based program for teenagers (age 12-19) who exhibit mild to moderate problems associated with alcohol, tobacco, and other drugs. Motivational interviewing techniques guide this intervention to develop/improve communication and coping skills, and to educate students about the harmful effects of substance use on health. This is a grant-funded program. Contact: education@capedc.org or 845-765-8301 ext. 104

TOO GOOD FOR DRUGS & VIOLENCE: This 10-week evidence-based drug and violence prevention curriculum (designed by The Mendez Foundation) focuses on developing young people's social and emotional learning through fun and interactive lessons. These lessons aim to reduce risk factors associated with substance use disorder and increase protective factors, such as pro-social attitudes, healthy relationships, resistance to substance use, conflict management, and resistance to negative peer pressure and influence. Students build self-confidence and skill sets to make healthy decisions and achieve their goals. Contact: education@capedc.org or 845-765-8301 ext. 104

GENERATION HOPE YOUTH CLUBHOUSE: This is a safe space welcoming all Dutchess County teens (ages 12-18). It is a free, community-based program allowing local youth to hang out with friends, play games, enjoy recreational activities, and get access to important educational programs/resources related to health & wellness. We are open Monday-Friday from 11 am-7 pm in Wappingers Falls. The clubhouse is adjacent to our main office, and the address is 31 Marshall Rd, Suite 3F. Visit our clubhouse page to learn more: <https://capedc.org/genhope> . Contact: clubhouse@capedc.org or 845-765-8301 ext. 118 After School Activities: also see page 42 for more information.

PEER ENGAGEMENT SPECIALISTS: The peer specialists will assist individuals and families facing substance use disorder/addiction, by helping them navigate the existing systems and services that can lead to recovery. Contact: recovery@capedc.org or 845-765-8301 ext. 108

TEEN DRIVING: A FAMILY AFFAIR: A locally developed program that brings the Victim Impact Panel model into local high schools as part of the student's application for their parking permit, which allows them to drive to school. The program mandates that both the student and a parent attend this modified VIP, which includes victims of substance-related crashes as well as representatives from the District Attorney's Office, the insurance industry and the medical community. Parents and students gain an understanding of the serious legal, medical, insurance, and emotional costs of driving distracted and of driving under the influence. Contact: teendriving@capedc.org or 845-765-8301 ext. 104

BLINDSPOTS: An educational intervention (designed for parents and guardians) that allows participants to explore a model teen bedroom and identify paraphernalia and other possible indicators of substance use/misuse. Follow-up includes a presentation to review and discuss the various paraphernalia in the model room. Contact: education@capedc.org or 845-765-8301 ext. 104

ALIVE AT 25: This is a court-mandated, four-and-a-half-hour, evidence-based driver's awareness course. The class is designed by the National Safety Council for young drivers ages 16-24. Participants gain awareness, develop safety strategies, and build a foundation for healthy and responsible decision-making. CAPE's prevention educators are certified by the National Safety Council. This is a fee-based program. Contact: alive@25@capedc.org or 845-765-8301 ext. 107

VICTIM IMPACT PANEL (VIP): A program that serves the entire community by providing a monthly forum on the painful consequences of driving under the influence given by those whose lives have been forever changed by an impaired driver. People convicted of DWI and DWAI are mandated by the courts to attend VIP, with the goal of reducing recidivism. This is a fee-based program, available in both English and Spanish. Contact: vip@capedc.org or 845-765-8301 ext. 102

<https://havendetoxnow.com/locations/hurley-new-york/>

At The Haven Detox, we've assembled the most highly credentialed and experienced staff. Our therapists, physicians, and behavioral health technicians are dedicated to immersing patients in the recovery experience. Our mission is to treat every person who walks through our doors with the same level of compassion and respect we would want for ourselves or a family member. With an experienced staff, campus community environment, proven treatment process, and commitment to generating the best outcomes, we have created a model unique to Florida which puts the patient first. No one should have to repeat a treatment episode, therefore we do everything we can to make each patient's experience truly individual and grounded in a commitment to lifelong recovery.

When entering a teen rehab center, your teenager will be supported by a compassionate staff who will guide them through every step of the process. While detox and rehab can be a complicated process to go through, The Haven aims to make the experience as comfortable and safe as possible so that our patients can focus on recovery and not discomfort.

Oxford House

www.oxfordvacancies.com

786-314-9632 Jamonte Johnson – Dutchess County

985-373-1788 Chandra Brown – Regional Manager

Oxford House offers a supportive way of living and opportunities to learn life skills in a substance free environment for males only. This cost effective way to improve the chances of recovery from alcoholism and drug addiction may be the best way to show the community that recovery works and that recovering individuals can become model citizens. The houses are run democratically, must be financially self-supporting and can expel any member who has returned to active use.

Move in fee \$200 due upon acceptance and weekly \$200 fee that includes rent, fully furnished home, all utilities and basic supplies (coffee, laundry soap, toilet)

<https://haventtc.com/#>

We're Here 24/7 If you or a loved one is struggling with addiction, don't face it alone. Reach out to Never Alone Treatment Center today and take the first step towards a life of sobriety and fulfillment. You are never alone in your journey to recovery.

Our admissions department is available 24/7 and happy to answer any questions you may have about our facility or treatment options.

Verify Your Insurance

20 Crofts Road, Hurley, New York 12443

Treatment Programs We offer a comprehensive range of evidence-based treatment programs specifically tailored to meet the needs of teenagers. Our individualized approach ensures that each young person receives personalized care that addresses their physical, emotional, and psychological well-being.

Safe And Nurturing Environment Our facility provides a safe and nurturing environment where adolescents can heal and thrive. From therapy to aftercare planning, we offer a continuum of care that supports their recovery journey every step of the way.

Hudson River Healing Services

<https://hudsonriverhealing.org/>

We offer struggling individuals a chance at freedom from addiction

OASAS Provider #53800

We accept Medicaid, Medicare, and most Private Insurance.

Phone - 845-990-7117

Resources for youth

ABOVE THE INFLUENCE – www.abovetheinfluence.com

This site gives facts to teens that help them stand up to negative influences, such as the pressure to use drugs and alcohol.

THE COOL SPOT – www.thecoolspot.gov

The Cool Spot gives kids 11–13 years old facts about alcohol use, its effects, and tips for handling peer pressure. Created by the National Institute on Alcohol Abuse and Alcoholism.

JUST THINK TWICE – www.justthinktwice.com

This site for young people gives information about drugs and their consequences. Created by the U.S. Drug Enforcement Administration (DEA).

NIDA FOR TEENS – <http://teens.drugabuse.gov>

Teens can learn about drugs, get advice from other teens, watch educational videos, and play brain games. There are sections for teachers and parents. The National Institute on Drug Abuse (NIDA) created the site.

STUDENTS AGAINST DESTRUCTIVE DECISIONS (SADD) – www.sadd.org

SADD wants to stop the things that can happen because of bad decisions, especially those involving underage drinking, drug use, impaired and risky driving, and teen violence and suicide.

TEENS.SMOKEFREE.GOV – <http://teens.smokefree.gov>

This site helps teens understand the decisions they make. A free text messaging app provides encouragement. There is also a toll-free quit line number at 1-800-QUIT-NOW. Website courtesy of the National Cancer Institute.

Resources for parents

Depending on the age and maturity of your children, you may wish to share links in this section with them.

ASSOCIATION OF RECOVERY SCHOOLS – www.recoveryschools.org

This group of recovery high schools helps students succeed in education and recovery.

ASSOCIATION OF RECOVERY IN HIGHER EDUCATION – www.collegiaterecovery.org

This group's aim is to support students in recovery who are attending college.

COMMUNITY ANTI-DRUG COALITIONS OF AMERICA (CADCA) – www.cadca.org

CADCA is an organization helping make communities safe, healthy, and drug free.

U.S. DRUG ENFORCEMENT ADMINISTRATION (DEA) – www.dea.gov

DEA enforces controlled substance laws in the United States. They teach teens about dangerous substances with a website at www.justthinktwice.com. They have a website for parents, caregivers, and educators at www.getsmartaboutdrugs.com.

EASY-TO-READ DRUG FACTS – www.easyread.drugabuse.gov

NIDA created this simple site with pictures and videos to help make it easier to learn about drugs, addiction, treatment, and prevention. The website can also read each page out loud.

GET SMART ABOUT DRUGS – www.getsmartaboutdrugs.com

This site has valuable drug education and prevention resources for parents, educators, and caregivers. Information is provided by the DEA.

NATIONAL COUNCIL ON ALCOHOLISM AND DRUG DEPENDENCE, INC. – www.ncadd.org

Find information on alcohol and drug addiction, including how to find help in your area.

NATIONAL INSTITUTE ON ALCOHOL ABUSE AND ALCOHOLISM (NIAAA) – www.niaaa.nih.gov

NIAAA offers pamphlets, fact sheets, and brochures about alcohol-related issues on its website. To learn more about preventing alcohol misuse among college students, go to

www.collegedrinkingprevention.gov.

NATIONAL INSTITUTE ON DRUG ABUSE (NIDA) – www.nida.nih.gov

NIDA brings the power of science to research about drug use and addiction. The website features a section for parents and teachers, as well as a section for students and young adults.

NATIONAL SUICIDE PREVENTION LIFELINE – www.suicidepreventionlifeline.org

This crisis hotline is for many issues, not just suicide. Call 1-800-273-TALK (8255) toll free if you feel sad, hopeless, or suicidal; if you are concerned about a friend or family member; if you have been bullied; or if you need mental health treatment referrals. Funded by the Substance Abuse and Mental Health Services Administration.

OFFICE OF NATIONAL DRUG CONTROL POLICY (ONDCP) – www.whitehouse.gov/ondcp

ONDCP staff advise the president on U.S. drug control. They also produce a National Drug Control Strategy to address illicit drugs, as well as crimes and health issues related to drugs.

OPERATION PREVENTION – www.operationprevention.com

The DEA and Discovery Education have joined forces to combat the epidemic of prescription opioid misuse and heroin use nationwide. Operation Prevention's mission is to educate students through virtual field trips, interactive activities, and digital lesson plans on the true impacts of opioids and kick-start lifesaving conversations in the home and classroom.

PARTNERSHIP FOR DRUG-FREE KIDS (PDFA) – www.drugfree.org

PDFA is a nonprofit organization that helps parents and caregivers prevent, intervene in, and find treatment for drug and alcohol use by their children. PDFA maintains a Parents Toll-Free Helpline (in English or Spanish) at 1-855-DRUGFREE (1-855-378-4373). It also provides a toolkit for parents who are seeking treatment for their child (www.drugfree.org/wp-content/uploads/2012/04/treatment_guide-2014.pdf).

SMOKEFREE.GOV – www.smokefree.gov

This website can help you or a loved one quit smoking. It supports your immediate and long-term needs as you quit smoking and learn to stay a non-smoker. Also, you can call the toll-free quitline number at 1-800-QUIT-NOW. Courtesy of the National Cancer Institute.

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES ADMINISTRATION – www.samhsa.gov
SAMHSA oversees and administers programs on mental health, drug abuse prevention, and drug treatment. To download or order SAMHSA publications, go to www.store.samhsa.gov.

THE NATIONAL PARENT TEACHER ASSOCIATION (PTA) – www.pta.org

Dutchess County Pride Center

766 Main Street Poughkeepsie NY 12603

845.380.6549 (Text)

845.440.3430 (Voice)

dcpridecenter@gmail.com

Dutchess County Pride Center is a safe space for LGBTQ+ individuals and their families, including youth to meet and socialize. Our goal is to improve the health, safety, and well-being of the entire LGBTQ+ community in Dutchess County.

We support, educate, and advocate for all members of the LGBTQ+ community, including LGBTQ+ youth and young adults through outreach, support groups, and social events. Check the website for dates, times and additional events

Tween Meet Up: Social support group for LGBTQ+ youth and allies aged 9 – 12

After-School Tutoring & Homework Drop In – for middle and high school students.

Teen Meetup: Social support group for LGBTQ+ youth and allies aged 13 – 18

Trans Youth Group: Safe space for youth 18 and under who identify as trans, NB, GNC, gender-fluid, or genderqueer to meet.

Teen Drop In: Friday evening hangout for LGBTQ+ teens and allies.

Proud Parent: Support group for parents of LGBTQ+ children of any age

BIPOC Meet Up: Social support group for LGBTQ+ Black, Indigenous and POC.

Crafty Queers: Inclusive arts, crafts, and more!

Out & Proud Around Town: Monthly lively social outings throughout the county.

P FLAG

PFLAG National Office

Main Phone: (202) 467-8180 Fax: (202) 467-8194

PFLAG envisions a world where diversity is celebrated and all people are respected, valued, and affirmed inclusive of their sexual orientation, gender identity, and gender expression.

By meeting people where they are and collaborating with others, PFLAG realizes its vision through:

- Support for families, allies and people who are LGBTQ
- Education for ourselves and others about the unique issues and challenges facing people who are LGBTQ
- Advocacy in our communities to change attitudes and create policies and laws that achieve full equality for people who are LGBTQ.

Ester Rosheger Youth Outreach Coordinator E.Roshenger@lgbtqcenter.org 845-331-5300 x 210

Assists Lesbian, Gay, Bisexual, Transgender, Inter-sexed, Queer, and Questioning individuals and their families and friends through support, education and advocacy; please call for group information.

Basic Definitions: Sexual Orientation, Gender Identity and Expression (SOGIE)

SEXUAL ORIENTATION Describes to whom a person is sexually attracted. Some people are attracted to people of a particular gender; others are attracted to people of more than one gender. Some are not attracted to anyone.

Asexual - not sexually attracted to anyone and/or no desire to act on attraction to anyone. Does not necessarily mean sexless. Asexual people sometimes do experience affectional (romantic) attraction.

Bisexual - attracted to people of one's own gender and people of other gender(s). Two common misconceptions are that bisexual people are attracted to everyone and anyone, or that they just haven't "decided." Often referred to as "bi." See also Pansexual/Fluid and Queer.

Gay - generally refers to a man who is attracted to men. Sometimes refers to all people who are attracted to people of the same sex; sometimes "homosexual" is used for this also, although this term is seen by many today as a medicalized term that should be retired from common use.

Lesbian - a woman who is attracted to women. Sometimes also or alternately “same-gender-loving woman” or “woman loving woman.” See also Gay. Pansexual/Fluid - attracted to people regardless of gender. Sometimes also or alternately “omnisexual” or “polysexual.” See also Bisexual and Queer.

Questioning - one who may be unsure of, reconsidering, or chooses to hold off identifying their sexual identity or gender expression or identity.

Queer - traditionally a derogatory term, yet reclaimed and appropriated by some LGBTQ individuals as a term of self-identification. It is an umbrella term which embraces a matrix of sexual preferences, gender expressions, and habits that are not of the heterosexual, heteronormative, or gender-binary majority. It is not a universally accepted term by all members of the LGBT community, and it is often considered offensive when used by heterosexuals. Straight - attracted to people of the “opposite” sex (see below); also sometimes generally used to refer to people whose sexualities are societally normative. Alternately referred to as “heterosexual.”

GENDER IDENTITY AND EXPRESSION The ways in which a person identifies and/or expresses their gender, including self-image, appearance, and embodiment of gender roles. One’s sex (e.g. male, female, intersex, etc.) is usually assigned at birth based on one’s physical biology. One’s gender (e.g. male, female, genderqueer, etc.) is one’s internal sense of self and identity. One’s gender expression (e.g. masculine, feminine, androgynous, etc.) is how one embodies gender attributes, presentations, roles, and more.

Androgyny - The mixing of masculine and feminine gender expression or the lack of gender identification. The terms androgyne, agender, and neutrois are sometimes used by people who identify as genderless, non-gendered, beyond or between genders, or some combination thereof.

Cisgender - A gender identity that society considers to “match” the biological sex assigned at birth. The prefix cis- means “on this side of” or “not across from.” A term used to call attention to the privilege of people who are not transgender.

Crossdresser - Cross-dressing refers to occasionally wearing clothing of the “opposite” gender, and someone who considers this an integral part of their identity may identify as a crossdresser (note: the term crossdresser is preferable to transvestite and neither may ever be used to describe a transsexual person). Cross-dressing is not necessarily tied to erotic activity or sexual orientation.

Genderqueer/Third Gender/Gender Fluid - These terms are used by people who identify as being between and/or other than male or female. They may feel they are neither, a little bit of both, or they may simply feel restricted by gender labels.

Intersex - A general term used for a variety of genetic, hormonal, or anatomical conditions in which a person is born with a reproductive or sexual anatomy that doesn’t seem to fit the typical definitions of female or male. Some intersex individuals identify as transgender or gender variant; others do not. (Note: hermaphrodite is an obsolete term that is not currently considered appropriate.)

Transgender - First coined to distinguish gender benders with no desire for surgery or hormones from transsexuals, those who desired to legally and medically change their sex, more recently transgender and/or trans has become an umbrella term popularly used to refer to all people who transgress

dominant conceptions of gender, or at least all who identify themselves as doing so. The definition continues to evolve.

Transsexual - The term transsexual has historically been used to refer to individuals who have medically and legally changed their sex, or who wish to do so. Most transsexual people feel a conflict between their gender identity and the sex they were assigned at birth. Other labels used within this group are MtF (male-to-female) or trans woman, and FtM (female-to-male) or trans man.

Two-Spirit - A person who identified with the Native American tradition of characterizing certain members of the community as having the spirit of both the male and female genders.

OTHER COMMONLY USED TERMS

Biphobia - Aversion of and/or prejudice toward the idea that people can be attracted to more than one gender, and/or bisexuals as a group or as individuals, often based on negative stereotypes of bisexuality and the invisibility of bisexual people.

Coming Out - The process of acknowledging one's sexual orientation and/or gender identity or expression to oneself or other people.

Gender Binary - A system of classifying sex and gender into two distinct and disconnected forms of masculine and feminine. It can be referred to as a social construct or a social boundary that discourages people from crossing or mixing gender roles, or from creating other third (or more) forms of gender expression. It can also represent some of the prejudices which stigmatize people who identify as intersex and transgender.

Heterosexism - The presumption that everyone is straight and/or the belief that heterosexuality is a superior expression of sexuality. Often includes the use of power of the majority (heterosexuals) to reinforce this belief and forgetting the privileges of being straight in our society.

Homophobia - Negative attitudes and feelings toward people with non-heterosexual sexualities; dislike of, or discomfort with, expressions of sexuality that do not conform to heterosexual norms.

Internalized Oppression - In reference to LGBTQ people, internalized oppression is the belief that straight and non-transgender people are "normal" or better than LGBTQ people, as well as the often-unconscious belief that negative stereotypes about LGBTQ people are true.

LGBTQ - An acronym for lesbian, gay, bisexual, transgender, and queer. This is currently one of the most popular ways in U.S. society to refer to all people who are marginalized due to sexual orientation and/or gender identity, although other letters are often included as well to represent identities described above.

Transphobia - Negative attitudes and feelings toward transgender individuals or discomfort with people whose gender identity and/or gender expression do not conform to traditional or stereotypic gender roles.

OLDER YOUTH/YOUNG ADULT

Astor Vocational Case Management

205 South Avenue – Suite 100 Poughkeepsie, NY 12601 Stephanie Hilero 845-901-7716

A program designed to assist Dutchess County youth with significant emotional challenges between the ages of 18-26 in transitioning into the workforce. The youth must reside in Dutchess County and meet at least one of the following criteria: youth in foster care; currently or previously in mental health treatment; classified emotionally disturbed by the Committee on Special Education and transitioning from school to work; transitioning out of the Dutchess County Jail.

[The Mediation Center](#)

*205 South Avenue #200
Poughkeepsie, NY 12601
(845) 471-7213*

Offers alternative dispute resolution services for youth and for parents and children (Parent/Child Mediation) as well as special education/ early intervention mediation

[Taconic Resources for Independence, Inc.](#)

*82 Washington St, Suite 214, Poughkeepsie, NY 12601
845-452-3913*

Information about community resources of interest to persons with disabilities; provides referral and advocacy services.

Peer Counseling Peer Counseling is provided between two or more individuals with disabilities, to share ideas and experiences about living with a disability, in order to gain greater awareness and control over one's own life.

Independent Living Skills Training Independent Living Skills Training teaches everyday life skills and is

often provided by people with disabilities. Training may include budgeting, meal preparation, arranging transportation, or personal assistance services, job seeking, and self-advocacy.

Information and Referral Services Information and Referral Services aim to provide individuals with resources and options that may be necessary in making informed choices about living, learning, and working independently.

Individual and Systems Advocacy Individual and Systems Advocacy addresses access to equal opportunities in exercising social, economic, educational, and legal rights. Independent Living Centers work with individuals, community organizations, state/national networks; to promote full inclusion of people with disabilities, and to improve the implementation of existing laws: federal, State, and local.

[ACCES-VR \(Adult Career and Continuing Education Services-Vocational Rehabilitation\)](#)

www.access.nysed.gov/vr

www.access.nysed.gov/vr/apply_for_services/apply.html

845-452-5425

Adult Career and Continuing Education Services - Vocational Rehabilitation (ACCES-VR) offers access to a full range of employment and independent living services that may be needed by persons with disabilities through their lives. Through its administration of vocational rehabilitation and independent living programs, VR coordinates policy and services relating to:

- Transition youth services for high school students and youth up to age 25 with disabilities from school and post school to adult services.
- Vocational rehabilitation services for working age individuals with disabilities.
- Independent living services for people with disabilities of all ages.
- Business services for hiring a qualified diverse workforce.

Student and Youth Transition Services Transition from school to work requires a variety of supports and collaborative efforts among education and workforce programs. No one institution or organization can provide the full range of services that may be required to serve youth with disabilities. However, collaboration and coordinated efforts among education and workforce programs, including vocational rehabilitation, is essential in assisting students with disabilities to make the transition from school to work. By working closely with school districts, the P-12 Office of Special Education and community providers, ACCES-VR helps to ensure that all youth with disabilities are prepared for employment, post-secondary education and community living when they leave school. ACCES-VR can provide a range of services to help eligible individuals reach an employment goal.

[Application or Referral for VR Services](#) Unlike special education, the vocational rehabilitation program is not an entitlement program. You must be determined to be eligible to receive vocational rehabilitation services. Individuals who are under age 25 at application are considered a youth applicant.

[VR Services](#) Any VR service may be available to an eligible youth participant. There are also some services that are specifically geared to youth, based on well researched evidence as best practice. Pre-Employment Transition Services (Pre-ETS) are a specific category of services defined in the Workplace Innovation and Opportunity Act (WIOA), signed into federal law July 22, 2014. Pre-ETS are specifically designed for students with disabilities between the ages 14-21. With WIOA emphasis on early outreach to students with disabilities, it is expected that students who are age 14 and/or more than two years prior to anticipated exit from high school will receive Pre-ETS services without formal application to ACCES-VR. Application for services in these circumstances would only occur if there was a demonstrated need for a specific vocational rehabilitation service that has a clear employment focus and is not available through Pre-ETS or IDEA.

- **NYSED Special Education** Learn more about NYSED Special Education and Transition: [Transition Planning Services](#)

Independent Living Centers Independent Living Centers (ILCs) provide an array of services that assist New Yorkers with all disabilities to live fully integrated and self-directed lives. ILCs assist with all aspects of living, learning and earning. They identify and facilitate removal of architectural, communication and attitudinal barriers to full participation in local communities and beyond. ACCES-VR administers base funding for 41 Independent Living Centers (ILCS) throughout the state. ILCs are private, not-for-profit organizations, governed by a majority of people with disabilities and staffed primarily by people with disabilities. ILCs are service and advocacy centers that **do not** run residential programs or operate places where people live. The philosophy of independent living is to maximize opportunities for choices and growth through peer driven supports and self-help. ILCs are the voice of people with disabilities and the disability rights movement in local communities across New York State.

To help ensure this vital resource reaches those who need it most, we invite you to spread the word with your clients and communities.

Pregnancy Information and To Do Lists

<https://www.parents.com/pregnancy/week-by-week/your-pregnancy-to-do-list/>

<https://www.cdc.gov/pregnancy/during/index.html>

Pregnancy Apps:

Baby Center Cost: Free This all-in-one pregnancy app goes from tracking your ovulation to counting contractions and gives you the deets on everything in between. Get weekly updates about your stage of pregnancy with articles, slideshows and videos on topics relevant to what you’re going through right now (and your baby’s development), including special information for high-risk pregnancies. You can also take pictures of your growing bump to create a pregnancy journal and search the baby names database by meaning or theme to find a name you like. After you give birth, the app will seamlessly switch over to giving you parenting advice for baby’s first year.

What to Expect Cost: Free This free app is based on the website based on the [the book!](#) The bestselling pregnancy reference guide fits entirely into your pocket, complete with videos, week-by-week baby development tracking and, of course, all the information about pregnancy you

could ever imagine. In a survey, Babylist registrants reported that this was their second-most used pregnancy app (behind Babylist, of course). Their registry builder section makes sure you get ALL the free stuff too! The bad news: the app isn't as useful once you've had your baby.

Pregnancy+ Cost: Free Curious what your baby looks like as they develop? The Pregnancy+ app has 3D, interactive week-by-week experience that highlights your baby's major developmental milestones in any given week (it also looks hyper-realistic). It also has helpful articles, and features to help you stay organized throughout your pregnancy such as a To-Do list, hospital bag checklist, birth plan and a place to keep track of all your doctor's appointments. And when the time comes, there's also a kick counter and contraction timer.

845-454-0595

info@thecpca.org

<https://www.thecpca.org/programs-services/young-parenting-program/>

The Young Parenting Program is a confidential case management program designed to build parenting skills for any pregnant or parenting youth 13-21 in Dutchess County. We provide case management for our clients tailored to their individual needs while focusing on self-sufficiency through goal setting for their education, employment, and parenting. Our program provides pregnancy prevention in local high schools through peer discussion groups and fosters a nurturing environment for any teen that is pregnant and looking for support.

About the Supportive Parenting Program

The Supportive Parenting Program provides intensive case management services for parents with developmental disabilities and/or a mental health diagnosis. This includes weekly home visit support, supervised visitation and parenting classes. In addition to learning parenting skills, parents gain socialization and support from peers and receive assistance in meeting the needs of their children. Case managers also work closely with other service providers involved with our families to better serve our clientele's needs.

The Supportive Parenting Program Offers:

- Weekly home-based parent/child support
- Daily living skills development needed to prevent incidence of child abuse and neglect
- Weekly parenting education classes
- Appropriate community resources
- Coordinating services
- Stimulation for child's development through appropriate play
- Intensive case management services

EMERGENCY HOUSING & HOUSING ASSISTANCE

**Hudson River
Housing, Inc.**

[Hudson River Housing, Inc.](https://www.hudsonriverhousing.org)

313 Mill St, Poughkeepsie, NY 12601

845-454-5176

<https://www.hudsonriverhousing.org/emergency-and-affordable-housing>

Emergency Housing for Adults

Webster House Overnight Emergency Housing (the Pods)

Are you experiencing homelessness and in need of housing tonight?

We offer overnight emergency housing 365 nights a year. **To access housing at this time, please come to 150 North Hamilton Street in Poughkeepsie by 6:30pm.**

Webster House offers overnight emergency housing for residents of Dutchess County ages 18+ after a brief screening. Meals, showers, and laundry facilities are available. All guests are expected to abide by a general set of rules of good behavior. Guests are expected to meet with a care manager to address the reasons for their homelessness and develop a plan focused on independent living and permanent housing.

For more information, please call [\(845\) 452-0019](tel:845-452-0019)

Emergency Housing for Families

Gannett House at Hudson River Lodging

Gannett House offers emergency housing for families. To access Gannett House, you must first visit the [Dutchess County Department of Community and Family Services](#) to request housing assistance. The Gannett House program provides meals and limited transportation, along with support services to families dealing with homelessness. All families placed in the program work with a care manager to access community resources and transition to more stable housing. We cannot accept walk-ins at Gannett House.

For more information, please call [\(845\) 452-0019](tel:845-452-0019)

Emergency Housing for Youth

River Haven Youth Shelter

Emergency housing and support services for youth who are running away or experiencing homelessness and young people who can otherwise benefit from short-term or respite housing due to family conflict or emergency, risk of court placement, or other issues. The River Haven Shelter is certified by New York State to house youth under 18.

Staff are available 24/7 to handle requests for housing, and provide related services including: referrals, information, counseling and crisis intervention for youth and their families.

For more information or assistance, please call [\(845\) 454-3600](tel:845-454-3600)

After-Hours Emergency Placement

Families who find themselves homeless outside of the hours when Dutchess County Department of Community and Family Services staff are available should contact the After-Hours Emergency Placement (AHEP) program.

Through AHEP, Hudson River Housing staff will assist families in finding emergency housing until DC DCFS is open, at which point they must meet with DC DCFS staff to assess their situation.

For assistance through AHEP, call [\(845\) 471-8454](tel:845-471-8454).

Project Porchlight

Drop-In Center

Project Porchlight is located in the rear of 310 Mill Street in Poughkeepsie and is open Monday – Friday 8:30am – 4:30pm. During these hours, anyone is welcome to stop in to receive respite from the weather,

food and basic supplies, access showers, meet with a care manager, and receive referrals for other services.

(845) 337-4407 or (845) 625-3327

Street Outreach

Our Street Outreach team is available to help those struggling with homelessness by providing referrals, resources, support, and access to shelter.

If you are aware of someone in need and would like to get in touch with our Street Outreach team, contact **(845) 625-9581**.

TRANSITIONAL HOUSING

Transitional Housing for Adults

Hillcrest House

Hillcrest House offers a supportive environment for adults transitioning out of homelessness. Residents pay an affordable monthly rent and participate in our on-site meal plan. Each resident is assigned a Case Manager to assist them in connecting to community resources and moving toward permanent housing.

Interested applicants must complete the Universal Housing Application and participate in a screening process and an interview in order to be accepted at Hillcrest House.

For more information, please call (845) 454-5176

Transitional Housing for Families

LaGrange House

The LaGrange House Program provides care management services for families transitioning out of homelessness. Residents pay an affordable monthly rent and work with care managers toward self-sufficiency and permanent housing.

LaGrange House applicants must complete the Universal Housing Application and participate in a screening process and an interview in order to be accepted.

For more information please call (845) 454-5176

SPECIALIZED HOUSING

Housing for Veterans

Liberty Station offers a supportive living environment in the company of other veterans. Units are single room occupancy, with shared kitchen and bath facilities.

Garden Street Housing offers low-cost housing with a preference for female veterans, with private baths and shared kitchen and common areas.

Poughkeepsie Commons is a 72-unit apartment complex that offers 24 one-bedroom apartments exclusively for veterans.

Find out more by calling (845) 454-5176.

Housing for Young Adults

River Haven TLC (Transitional Living Community) provides youth a safe living environment through which to pursue their goals and learn life skills necessary to live independently.

Housing is available for young adults transitioning from homelessness. Residents must apply to the program and undergo a screening process.

For more information or assistance, please call [\(845\) 452-0019](tel:845-452-0019)

Senior Housing

Cannon Street Senior Housing is affordable housing for active adults age 55 or older.

Cannon Street Senior Housing is conveniently located in downtown Poughkeepsie in close proximity to healthcare, pharmacy, grocery, municipal, and public transportation services.

Maybrook Gardens in Orange County provides 36 units of project-based section 8 housing for seniors 62 and older or individuals 18 and older with disabilities.

For more information, contact us at [\(845\) 454-5176](tel:845-454-5176).

Supported Permanent Housing

Through our supported housing programs, Hudson River Housing offers individuals diagnosed with severe mental illness, chronic chemical dependency, and/or other disabling conditions the opportunity to successfully transition out of homelessness or residential care to stable, affordable, permanent housing of their own.

Supported housing participants are required to actively work on an individualized service plan toward meeting goals that lead to increased self-sufficiency and the ability to maintain stable, permanent housing

.To learn more about supported housing, contact us at [\(845\) 454-5176](tel:845-454-5176)

Affordable Rental Housing

Looking for affordable rental housing? We offer a wide variety of affordable rental housing, ranging from rooming houses to full homes for rent. Our housing also includes specialized housing for veterans, young adults, those transitioning from homelessness, seniors, and those living with mental illness or addiction.

KEEPING CHILDREN SAFE AND FAMILIES TOGETHER

THE SANCTUARY

If you're 12-17, you can come to the Sanctuary. We don't need to know much about you, just a few things for our records, but that information is kept confidential. If you stay with us, we are required to contact a parent/legal guardian to let them know you are at a shelter and that you are safe. But the location of the shelter is kept confidential until you are ready for us to help you talk to your parents or guardian.

You can come on your own, we can meet you, or we can pick you up. The choice is yours. You can call us at any time. 1-888-997-1583 or 1-877-540-7680 childrensvillage.org/sanctuary

VETERANS

Veteran Specialist Care Manager

All our staff are well-equipped to help address your needs. However, we know that being a veteran can bring complex challenges. Our Veteran Specialist Care Manager is available by referral basis to help you navigate housing, healthcare and benefits.

Contact us at (845) 452-0019 for more information.

VetZero Heroes Making Heroes

VetZero Heroes Making Heroes is a social enterprise food business operated by Hudson River Housing. Heroes Making Heroes provides employment, training and mentorship to local veterans who have experienced homelessness, along with other formerly homeless individuals facing barriers to employment.

Heroes Making Heroes offers a menu of affordable hero-style sandwiches sold locally at farmers markets and local events and through catering services.

Where to Find Us:

Mondays – Poughkeepsie Waterfront Market 3:00-6:30pm

Thursdays – Arlington Farmers Market 2:00-6:00pm (starting June)

VetZero Heroes Driving Heroes Ride Program

Many of our veteran residents and community members cite transportation to and from important meetings, such doctors appointments or work interviews, as one of the greatest barriers to their leading a healthy and successful life. To help solve this problem, we created the VetZero Heroes Driving Heroes Ride Program which provides free car rides for local veterans to useful destinations such as the Veteran Affairs County Office and Castle Point Medical Center.

For more information or to request a ride, call 833-VET-ZERO.

Vet2Vet is funded by the Joseph P. Dwyer Veterans' Peer Services Project. Services include support groups, social activities, we can also help Vets get their benefit claims back on track, and advise them on how to access their education benefits as well, and much more:

- Advocacy
- Educational information
- Emotional support
- Recovery Groups
- Referrals to useful services
- Short-term care management
- Social Events (free for Veterans and their families)

- Support Groups

SOCIAL ACTIVITIES The goal is to give you the opportunity to get out and enjoy the world. Join us for some healing through simple fun, all in the company of other veterans and their families who are facing similar challenges. Check the calendar below for more information.

SUPPORT GROUPS Our Vet2Vet support groups are a safe place where you can listen, share, and spend time with people who know what you're going through. Together, we aim to help everyone feel heard and share ways to build a thriving life! Support Groups take place bi-monthly, on the 1st and 3rd Wednesday of every month, 3pm, at our Veteran's One-Stop office in Pleasant Valley

The **HERO Program** is a way for Dutchess County veterans and their families that are either homeless or facing homelessness to have an advocate and a resource in the county they live in. There are funds available for emergency housing, which can be used if necessary to keep our veteran families safe and sleeping with a roof over their heads. To date, HERO has taken many homeless veterans away from street homelessness to stable housing status and has kept others from becoming homeless. This initiative is funded by Dutchess County.

The **Veterans Employment Training & Transitions Assistance Program (VET-TAP)** assists Dutchess County Veterans in all aspects of employment, including resume building, job hunting, job applications, interview preparation, etc. The program also offers local Veterans the opportunity to obtain licenses and certifications in various fields, to broaden their employment marketability. The goal of VET-TAP is to curb veteran homelessness through meaningful employment. VET-TAP is a Dutchess County funded program that works hand-in-hand with the H.E.R.O. Program for housing assistance.

SSG Fox SPGP is a Federally Funded suicide prevention program operating through our Veterans Programs in Dutchess and Orange Counties. Program Specialists work directly with Veterans on their struggles and create a plan to make positive changes in their lives. The program offers unique and healing therapies including Equine, Art and Music Therapy, aimed at getting Veterans active and engaged in peaceful and relaxing activities. Additionally, the program can assist Veterans with Temporary Income Support Assistance, as well as assistance with VA benefits and referrals.

Weekend 4 Warriors is an annual event that takes a group of four combat Veterans on a weekend getaway full of fun activities, followed by an awards reception honoring the four individuals and their service. The Weekend 4 Warriors Committee accepts nominations for Veteran attendees.

USEFUL TERMS AND DEFINITIONS

ELIGIBILITY – Most services have eligibility requirements. Eligibility may depend on factors such as insurance, diagnosis and/or IQ.

DIFFERENT DEFINITIONS OF “CHILD” – Differing State regulations lead to different definitions for what constitutes a minor child and for how long parents are responsible. At age 16, a youth may legally drop out of school. However, parents are financially responsible for their children until they reach age 21, meaning that a youth cannot receive public assistance to live independently unless parents contribute child support. In criminal justice, a child becomes an adult at age 17.

HIPAA – stands for the Healthy Insurance Portability and Accountability Act of 1996. It protects your confidentiality as applied to PHI (private health information), means the information is not made available or disclosed to unauthorized persons or processes.

MANDATED REPORTER – New York State and the New York State Child Protective System recognize certain professionals as holding the important role of mandated reporter of child abuse or maltreatment. These professionals can be held liable by both the civil and criminal legal systems for intentionally failing to make a report. Mandated reporters are required to report instances of suspected child abuse or maltreatment only when they are presented with reasonable cause to suspect child abuse or maltreatment in their professional roles.

PARENTAL PERMISSION – Many services require parental permission up to age 18. Some services may be provided in the absence of parental permission (e.g. runaway, homeless, and drug and alcohol services).

PARENTAL RESPONSIBILITY – Parents are often held responsible for the behavior of their children.

PSYCHOTHERAPY - general term for treating mental health problems by talking with a psychiatrist, psychologist or other mental health provider. During psychotherapy, you learn about your condition and your moods, feelings, thoughts and behaviors. Psychotherapy helps you learn how to take control of your life and respond to challenging situations with healthy coping skills. **Things to remember when you seeking services:**

- Insurance coverage. Check with your insurance company beforehand to find out what kind of mental health coverage you have. Obtain a list of eligible providers or find out the process for qualifying for mental health services with your plan. If there is a co-pay find out if it increases over time, or if there are limits to your coverage (e.g. a limit of 10 sessions). You may need to see your primary care physician for a referral.
- Be specific when discussing your concerns about your child's behavior. Ask when scheduling the appointment or at the first (intake) session if there is a staff member who has expertise in that area.
- Gain knowledge and maintain active participation in your child's treatment. All parents/caregivers have feelings and emotions that are overwhelming when assisting their child in treatment. Seeking treatment is not a failure in parenting. It is like seeking medical attention like you would for any other illness. Parents/caregivers of a child born with a disability often go through grief, shock, and denial. They may minimize the situation and then experience an overwhelming sense of guilt and failure. These are stresses in their lives that they hope and expect that the mental health professional, as the expert, will be able to “fix” their child. Even if your child receives excellent counseling services, he or she is with the family or in school much more of the time. Families themselves often need to change their rules and learn new ways of working together, in order to help the child. Be sure to ask your child's counselor for advice with any behavior management issues you have at home.

- Medication. There are many effective medications for a variety of mental health and behavioral problems from depression to hyperactivity. Every child responds differently. The prescribing physician will explain the benefits and risks of medication and any side effects. Medication often takes time to reach a therapeutic level.

Take steps to get the most out of your therapy and help make it a success.

- **Make sure you feel comfortable with your therapist.** If you don't, look for another therapist with whom you feel more at ease.
- **Approach therapy as a partnership.** Therapy is most effective when you're an active participant and share in decision-making. Make sure you and your therapist agree about the major issues and how to tackle them. Together, you can set goals and measure progress over time.
- **Be open and honest.** Success depends on willingness to share your thoughts, feelings and experiences, and to consider new insights, ideas and ways of doing things. If you're reluctant to talk about certain issues because of painful emotions, embarrassment or fears about your therapist's reaction, let your therapist know.
- **Stick to your treatment plan.** If you feel down or lack motivation, it may be tempting to skip psychotherapy sessions. Doing so can disrupt your progress. Try to attend all sessions and to give some thought to what you want to discuss.
- **Don't expect instant results.** Working on emotional issues can be painful and may require hard work. You may need several sessions before you begin to see improvement.
- **Do your homework between sessions.** If your therapist asks you to document your thoughts in a journal or do other activities outside of your therapy sessions, follow through. These homework assignments can help you apply what you've learned in the therapy sessions to your life.
- **If psychotherapy isn't helping, talk to your therapist.** If you don't feel that you're benefiting from therapy after several sessions, talk to your therapist about it. You and your therapist may decide to make some changes or try a different approach that may be more effective.

SURRENDER OF CUSTODY – If your child must be placed in a residential treatment setting and DCFS is the placing agency, you may be asked to surrender custody as a condition of placement. It is possible that parents are financially responsible for some of the payment for out of home placement.

CHILD DEVELOPMENT INFORMATION

Behavioral Health in Early Childhood

Behaviors in early childhood which create concerns for parents may still be age-appropriate (e.g. temper tantrums for ages 2-3, sexual curiosity, and occasional bed-wetting after toilet training is completed, etc.). Children who have been exposed to violence, family disruption or other trauma are more likely to display problematic behaviors.

Bed wetting - If your child is wetting the bed twice per week for at least 3 consecutive months and this causes significant stress in other areas of functioning (social, at school, e.g.) then it should be flagged as a time to take action. Check with your pediatrician to rule out a medical condition. If this is ruled out, it is likely that some psychological factors are involved.

School Avoidance - School avoidance is a young child's irrational *fear* of going to school. It is to be distinguished from a child who does not want to go to school or who is skipping school to hang out with friends. In some cases, the child may have specific fears of something (e.g. bullies, academic demands). Sometimes the child is not so much afraid to go to school as afraid to leave home due to worry about what may happen to a parent when the child is gone (e.g. fear of parental illness (physical or mental); fear of parental incapacity due to substance abuse; fear of domestic violence). It is important to talk to your child to better understand the fear, as well as to the teacher who may have a different view of the problem. The teacher may be extremely helpful in working out a plan to help your child feel more comfortable and less anxious about being in school. The school may ask you to talk to the school psychologist or social worker about your concerns.

Sexual behaviors - in children can range from normative behaviors to sexually harmful behaviors. Some behaviors may include: masturbation, interest in seeing or touching other children's body parts, "flashing" one's genitals, watching pornography, or more serious sexually harmful behaviors.

Sexually harmful behaviors - may result from curiosity, a child having been exposed to the sexual behavior of adults or the Internet, or from having been a victim of sexual abuse. There are many possibly reasons why a youth may engage in these behaviors and it is necessary to have an evaluation determine the best course of action.

- There is specialized treatment for youth who cause sexual harm. The specialized treatment includes safety planning, individual treatment, family treatment, sexual health curriculum, and skill building.

Cruelty to animals - If your child exhibits cruel or excessively punitive behavior towards animals, it is important not to dismiss or ignore it. This behavior may be coupled with other behaviors, such as anger, threatening behavior toward others, physical fights, stealing, destructiveness and lying. This behavior may be a one-time event for your child or could be part of a more persistent pattern.

Aggressive behavior - Aggressive behavior can be observed in physical or verbal attacks on others. Younger children may display aggression by hitting or yelling at playmates and being destructive with toys

or school supplies. Youth may engage in physical fighting, bullying, and defiance of authority or delinquent acts.

Steps you can take to assist your child(ren):

- See your pediatrician. Your child's doctor knows your child and is the first person to consult with your concerns.
- Seek help from a children's mental health professional.

Behavioral Health in Middle Childhood

Anxiety and Stress Disorders - Emotional disorders characterized by unrealistic and/or excessive fear and worry, decreased concentration and memory, indecisiveness, irritability, impatience, anger and sleep disturbances. The list includes: Generalized Anxiety disorder, Panic Disorder, Phobic Disorder, Acute Stress Disorder, PTSD and Adjustment Disorder. *Post-traumatic Stress Disorder* is the development of behaviors or symptoms following an extreme traumatic stressor. Events experienced by others that may be traumatic for a child include: personal assault, serious accident or injury to a close family member or friend; sudden death of a family member or close friend. Children who have been exposed to domestic violence are also vulnerable to becoming traumatized.

Autism spectrum disorder (ASD) is a developmental disability that can cause significant social, communication and behavioral challenges. There is often nothing about how people with ASD look that sets them apart from other people, but people with ASD may communicate, interact, behave, and learn in ways that are different from most other people. The learning, thinking, and problem-solving abilities of people with ASD can range from gifted to severely challenged. Some people with ASD need a lot of help in their daily lives; others need less.

A diagnosis of ASD now includes several conditions that used to be diagnosed separately: autistic disorder, pervasive developmental disorder not otherwise specified (PDD-NOS), and Asperger syndrome. These conditions are now all called autism spectrum disorder.

Chemical Dependency (Drug/Alcohol Abuse) - Children may use drugs or alcohol in an attempt to diminish the stress of family or school concerns. Underage drinking and drug use are both against the law; however, many families and peer cultures permit or encourage substance use as acceptable teen behavior. We know that the younger a child is when they begin to use alcohol or drugs; the more likely they are to be impaired by substance use. If a child's behavior or school performance is declining and a parent is suspect of substance abuse, there are counselors professionally trained in diagnosing and treating substance abuse and dependence.

Conduct Disorder - The child may demonstrate aggression toward people and animals, repeated physical fighting, initiate fighting, use of weapons, stealing, destruction of property, deceit and repeated lying to obtain something. The child frequently breaks rules at home and in school.

Depression - Depression refers to a group of emotional disorders characterized by, sadness, discouragement, despair, pessimism about the future, reduced activity and productivity, sleep disturbance or excessive fatigue and feelings of hopelessness. In childhood, depression can look different from the way it manifests in adults. Instead of appearing sad, a child may be irritable, agitated or cranky. There may be a loss of interest in friends, games or sports, which previously were a source of pleasure. School performance may suffer. Again, there are many effective treatments for depression, all of which start with an evaluation by a mental health professional.

Non-Suicidal Self-Injury - Cutting, scratching, or pinching skin enough to cause damage. Banging or punching, burning skin or pulling out large amounts of hair. Self-harm can be completed so that the person escapes unbearable emotional pain and to relieve the tension.

Suicidal Thoughts and Gestures - Threats of suicide should always be taken seriously. If your child is making statements like "life stinks" or "I hate life," it may not be intent to commit suicide, but it deserves further discussion. Substance abuse is often a factor that increases feelings of hopelessness, or removes the barriers to acting on suicidal thoughts.

Suicidal Ideation - Suicidal ideation refers to the serious contemplation of suicide or thought patterns that lead to killing yourself. If a child expresses a desire to die, they need an evaluation by a mental health professional. If your child has a plan to kill themselves or has attempted suicide in the past; it is important that the child not be left alone, and regardless of the child's intentions, emergency help must be sought.

- 911 if an injury is life-threatening
- Dutchess County's 24 hour Helpline (845-485-9700) can provide assistance and/or Mobile Crisis services.
- Mid-Hudson Regional Hospital Emergency Department for mental health assessment.

Oppositional Defiant Disorder - The child is often spiteful, refuses to follow rules, and blames others rather than taking responsibility for their own behavior. A key to addressing these concerns is helping parents to find effective methods for addressing the behaviors with consistent rules and consequences. Another key element in addressing oppositional or anti-social behavior is ensuring that all adults who interact with your child are consistent in setting limits and imposing consequences for behavior that is unacceptable.

Eating Disorders - If you have noticed distinct differences in your child's eating patterns, it is important to talk to your child about what is going on.

Anorexia Nervosa - Anorexia is diagnosed when an individual is underweight and using extreme weight-loss strategies. A key element is that the teen exhibits a significant disturbance in the perception of the shape or size of their body. Signs of anorexia may be: very restricted diet of low calorie foods, excessive

exercise, frequent weighing, obsessive measuring of body parts, skipped menstrual cycles, medical problems such as anemia or dehydration, fatigue or even excess energy.

Bulimia - Bulimia is a disorder defined as consumption of an abnormally large amount of food in a very short period of time. Often the food is very high in calories. In an attempt to compensate for the weight gain, the individual attempts to rid themselves of the food through purging or through the use of laxatives and diuretics.

Binge Eating - Is a disorder when a person has recurrent episodes of eating an unusually large amount of food in a short period of time. These binges occur at least twice per week over 6 months. They feel disgusted, distressed, and ashamed over their actions.

Attachment Disorder - Children with attachment disorders or other attachment problems have difficulty connecting to others and managing their own emotions. This results in a lack of trust and self-worth, a fear of getting close to anyone, anger, and a need to be in control. A child with an attachment disorder feels unsafe and alone. Attachment disorders are the result of negative experiences in this early relationship. If young children feel repeatedly abandoned, isolated, powerless, or uncared for—for whatever reason—they will learn that they can't depend on others and the world is a dangerous and frightening place.

Reactive Attachment Disorder (RAD) - Children with reactive attachment disorder have been so disrupted in early life that their future relationships are also impaired. They have difficulty relating to others and are often developmentally delayed. Reactive attachment disorder is common in children who have been abused, bounced around in foster care, lived in orphanages, or taken away from their primary caregiver after establishing a bond.

Transitioning to Adulthood

Family Focus vs. Individual Focus - Youth moving into later adolescence experience a push for greater independence, even when the skills to be independent are lacking. One fact is worth remembering: parents remain legally and financially responsible for their children up to age 21. Youth generally do not become eligible for public assistance as individuals until age 21.

Despite this, in some service systems youth are considered "adult" at an earlier point. For example, in the criminal justice system, a youth at age 17 is charged as an adult and youth as young as 13 charged with a serious crime may be treated as an adult.

In the mental health system, a youth is served in the adult system at age 18, however in the Astor Clinics a child can be served up to the age of 21.

In the education system, a youth must attend school up until at least the age of 16, and in some school districts up to age 18. In NYS, all youth are entitled to a free public education until they obtain a high school diploma or reach the age of 21. A youth with a Developmental Disability can remain in school until age 21.

Once a youth is considered an adult in various service systems, the wishes and input of family members do not have to be considered unless the youth gives written consent. Most adult services assume an

individual rather than family focus and many service providers recognize the importance of including family members.

Mental Health Planning - Youth age 18 and over entering the mental health system will enter the adult service system. If the youth is *already* receiving mental health services through the Astor Counseling Centers, they may be continued up to age 21, or until such time as treatment can be concluded or a transition to the adult system has been arranged.

Educational and Vocational Planning - Transition planning, identifying and preparing the path a youth will follow upon leaving school, should begin at age 15. Schools have guidance staff; however with large student caseloads, a parent must be very persistent in finding out what educational and vocational options are best suited for their child. Although all students are now expected to pass Regents exams to receive a High School diploma, the TASC and other vocational options can provide the youth with basic requirements to enter the job market. School guidance offices, one-stop employment centers and ACCES-VR (Adult Career and Continuing Education Services-Vocational Rehabilitation), all can provide information about eligibility and career planning. For young adults with Developmental Disabilities, gaining eligibility with Taconic DDRO will open the door for many more services.

Independent living- Many youth visualize living in an apartment and being able to support themselves. Many of these youth do not earn enough to accomplish this, or else would benefit from basic budgeting, banking and housekeeping skills to make this happen. There are several supported housing programs available through Hudson River Housing (HRH) that provide young adults safe housing as they build the skills and income needed to live more independently (See Older Youth/Young Adult section) or call (845) 452-0019 for further information about housing options. HRH also provides individual financial counseling and classes that can help older youth develop budgeting and money management skills. Paid employment training is also available for youth/young adults through HRH. (Contact 454-5176 for further information).

Adult Single Point of ACCESS [SPOA] – 845-486-2768

Supportive housing for the mentally ill, through the Department of Behavioral & Community Health

Young people, age 18 and over, with severe persistent mentally illness and are in need of supportive housing as they enter adulthood may be eligible for housing in a range of residential options. Applicants must be in mental health treatment (*contact Helpline at 845-485-9700*). Referrals are made through the primary therapist or care manager.

INFORMATION AND RESOURCES

Behavioral Health Booklets

- [Anxiety Disorders](#) ([Español](#) | [中文](#) | [Русский](#))
A booklet to help you identify the symptoms and causes of anxiety disorders. It will also explain how to obtain treatment and suggest ways to make such treatment more effective.

- [Attention Deficit Hyperactivity Disorder \(Español | 中文 | PyCCKИЙ\)](#)
A variety of medications, behavior-changing therapies, and educational options are available to help people with Attention Deficit Hyperactivity Disorder (ADHD) focus their attention, build self-esteem, and function in new ways.
- [Bipolar Disorder \(Español中文 | PyCCKИЙ\)](#)
Bipolar disorder, also known as manic-depressive illness, is a brain disorder that causes unusual shifts in a person's mood, energy, and ability to function. Bipolar disorder can be treated, and people with this illness can lead full and productive lives.
- [Bipolar Disorder in Teens \(Español中文 | PyCCKИЙ\)](#)
Anyone can develop bipolar disorder, including children and teens. Learn more about the symptoms and treatment.
- [Depression \(Español | 中文 | PyCCKИ\)](#)
Depressive illnesses often interfere with normal functioning and cause pain and suffering not only to those who have the disorder, but also to those who care about them. There are now medications and psychosocial therapies that ease the pain of depression.
- [Eating Disorders \(Español | 中文 | PyCCKИ\)](#)
Facts about eating disorders and the search for solutions.
- [Heat Illness \(Español | 中文 | PyCCKИЙ | Kreyòl Ayisyen | Itàliànà | 한국어를\)](#)
- [Medications](#)
A booklet to help people with mental illness and their families understand how and why medications can be used as part of the treatment of mental health problems.
- [Post-Traumatic Stress Disorder Information \(Español | 中文 | PyCCKИЙ\)](#)
Post-Traumatic Stress Disorder is a normal reaction to seriously disturbing events. This booklet examines the signs, symptoms and steps you can take to treat Post-Traumatic Stress Disorder (PTSD).
- [Schizophrenia \(Español | 中文 | PyCCKИЙ\)](#)
Schizophrenia is a chronic, severe, and disabling brain disease. However, this is a time of hope for people with schizophrenia and their families. Research is gradually leading to new and safer medications and unraveling the complex causes of the disease.
- [Teen Depression \(Español | 中文 | PyCCKИЙ\)](#)
Learn more about the signs and symptoms of depression.

Stress Management and Resiliency

- [Self-Care at Work](#)
An infographic with wellness tips you can do from your desk.
