## ADOPT.A.ROOM mini renovation project

... Because every child deserves a childhood.

Noted actors and Rhinebeck residents, Jeffrey Dean Morgan and Hilarie Burton, have teamed up on a mini renovation of living units in Astor's Residential Treatment Center at the Rhinbeck campus.

Since 1953, Astor has provided behavioral and education services for children and their families and now serves more than 8,000 children in the Hudson Valley and the Bron<u>x</u>.

In refurbishing Astor's 57-year-old residential treatment center, Burton and Morgan are providing critical assistance for the 44-bed residence's minirenovation, including developing finish selections and designs, securing pro-bono contractors, coordinating donated goods and otherwise contributing hands-on efforts to forward the project.

## **HOW CAN YOU HELP?**

We could not make this renovation happen without the support of community sponsors.

The average cost of a room is \$500.00. Consider adopting a room. Any donation amount is greatly appreciated. This donation will supply all the materials and finishings for a child's bedroom.
