SERVICES FOR CHILDREN & FAMILIES

Astoria/Lawrence F. Hickey Center Remote Learning Plan

Remote learning plan will take place if a parent/guardian requests remote learning or if a student/staff member tests positive and we need to close the program based on the DOH recommendation.

The program's platform will be Google Classroom/Meet. Each student will be given a Google email address that allows them to use the remote learning platform.

Resources/links will be posted on Google Classroom for students to participate in daily.

Teachers will conduct 2 weekly whole class remote sessions (20-30 minutes) and 1 weekly individual session (20-30 minutes) concentrating on students IEP goals.

All related service mandates (CO, SL, OT and PT) will be done remotely using Google Meet for 30 minute sessions.

Daily attendance will be taken by clinical staff checking in everyday with parent and student.

...Because every child
deserves a childhood
